

shesto™

Trusted for quality since 1907

Precision Tools for Model Making, Hobby, Craft,
Electronics, Restoration & Small Precision DIY Tasks

www.shesto.co.uk

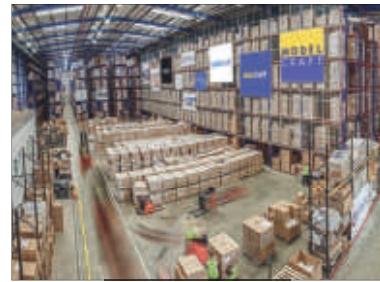

Since 1907, Shesto have been developing and supplying specialist precision tools, equipment and materials covering a wide range of applications and fields of interest. From hobby & craft to precision engineering, electronics, renovation & restoration; Shesto provides the right tool for the task at hand. Shesto products come from trusted factories with good quality control procedures and the necessary certification.

Shesto Ltd, with its commercial office in Watford and distribution centre in Snetterton (UK) supplies distributors worldwide and has built strong customer relationships based on quality and excellent customer service. This was recognised when Shesto had the honour of receiving the Queen's Award for Enterprise: International Trade (2004).

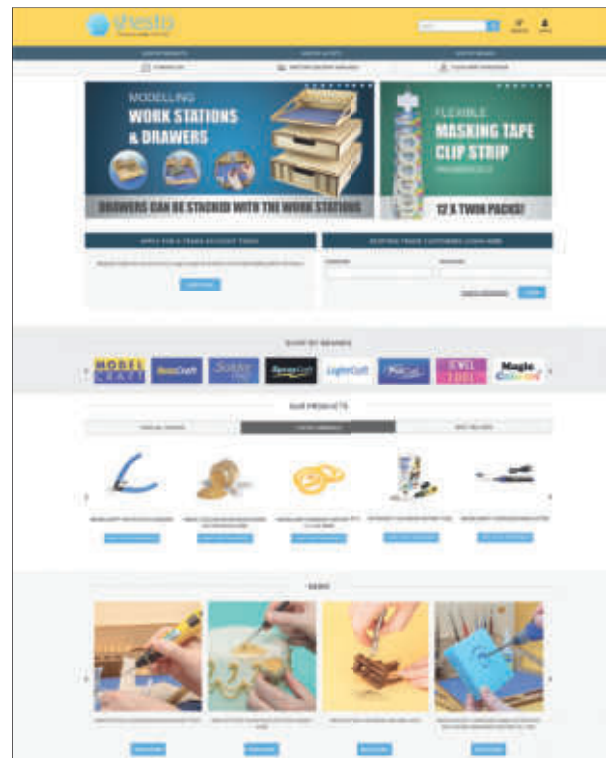

Our products are branded and packaged with the emphasis on engaging the end user and educating them on product uses, features & benefits. Our family of brands include: Modelcraft, Rotacraft, Soldercraft, Spraycraft and Lightcraft.

Working in partnership with retailers, manufacturers, wholesalers and distributors, we plan, design, build and evolve stunning ecommerce solutions that seamlessly join up all our channels and business systems.

The **Modelcraft** Collection is a comprehensive range of useful, often hard to find precision hand tools and accessories essential for any tool box. These quality tools cover many uses where detail, precision and close up control are needed, such as: model making & repairing, hobby & craft, electronics & light engineering, jewellery making, antiques restoration, renovation & repair work, as well as those smaller DIY and household tasks.

Rotacraft offers a good selection of compact 12V, 230V and cordless rotary tool sets, attachments and accessories, for the beginner, enthusiast or professional user. Ideal for modelling, electronics, antique restoration, engraving, jewellery making, smaller DIY jobs and general repairs and renovation where precision is required.

Soldering is an easy and inexpensive method of joining light articles made from steel, copper or brass and securing wires made from these materials. Whether you are looking for a traditional electric soldering iron, a cordless battery or butane gas operated unit, **Soldercraft** will have the right tool. Also featured, a selection of excellent pyrography tool sets for marking and decorating, wood and leather.

The **Spraycraft** range includes great value airbrushes, ready-to-use kits, compressors and accessories for the beginner as well as the enthusiast. From easy to use single action broad stroke to dual action detailing airbrushes, the Spraycraft selection of airbrushes is used across various fields of interest including modelling, art & craft, automotive, beauty, cake decoration and DIY.

Lightcraft offers lighting & magnification solutions for close-up and detailed work in the home, studio or workplace. The range includes LED & fluorescent magnifier & tasks lamps, headband & handheld magnifiers as well as slim line Lightboxes. All Lightcraft products are tested and checked carefully at point of manufacture and comply with EU quality standards; CE, RoHS, EUP, WEEE. The lamps are energy efficient and the LEDs are environmentally friendly.

PLIERS & NIPPERS

Box Joint Pliers & Nippers (115mm)

Quality stainless steel pliers & nippers have been specially designed for precision work. These joint construction pliers retain precise alignment even under strain and after considerable use. Jaws will never develop looseness or wobble, yet open and close smoothly.

PPL1151 Flat Nose Pliers

- For pulling, gripping and holding
- Smooth non marking jaws and inbuilt spring

PPL1152 Snipe Nose Pliers

- For pulling, twisting, gripping and holding
- Smooth non marking jaws and inbuilt spring

PPL1152/B Snipe Nose Bent Pliers

- For pulling, twisting, gripping and holding
- Smooth non marking jaws and inbuilt spring

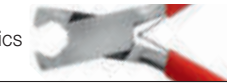

PPL1153 Round Nose Pliers

- For twisting, curling & folding
- Smooth non marking jaws and inbuilt spring

PPL1154 Top End Cutter

- For nipping & cutting wires, thin metals & plastics
- Comfortable insulated grips and inbuilt spring

PPL1155 Side Cutters

- For nipping & cutting wires, thin metals & plastics
- Comfortable insulated grips and inbuilt spring

Hobby Pliers & Nippers

Stainless steel pliers, ideal for most modelling, hobby & smaller DIY applications. Comfortable insulated handles and opening spring make these a joy to use.

PPL5701 Round Nose (135mm)

- For pulling, twisting, curving & folding
- Smooth non marking jaws and inbuilt spring

PPL5702 Flat Nose (145mm)

- For pulling, gripping and holding
- Smooth non marking jaws and inbuilt spring

PPL5703 Side Cutter (120mm)

- For nipping & cutting wires, thin metals & plastics
- Comfortable insulated grips and inbuilt spring

PPL5704 Half Round (145mm)

- For pulling, twisting, gripping and holding
- Smooth non marking jaws and inbuilt spring

PPL5705 Bent Nose (145mm)

- For pulling, twisting, gripping and holding
- Smooth non marking jaws and inbuilt spring

Slim Line Box Joint Pliers & Nippers

Slim profile, fine point pliers for delicate assembly work in model making, electronic & jewellery applications. They feature box joint construction for maximum strength & accuracy, jaws and points that are perfectly aligned and comfortable grips with spring openings.

PPL7341 Diagonal Cutter

- For nipping & cutting wires, thin metals & plastics
- Length 110mm

PPL7342 Bent Nose Plier

- For pulling, twisting, gripping and holding
- Length 115mm

PPL7343 Round Nose Plier

- For twisting, curling & folding
- Length 120mm

PPL7344 Flat Nose Plier

- For pulling, gripping and holding
- Length 120mm

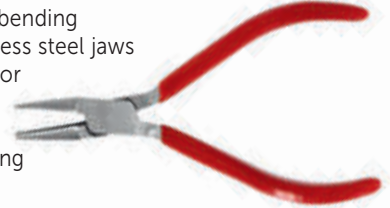

PPL7345 Chain Nose Plier

- For pulling, twisting, gripping and holding
- Length 115mm

Combination Box Joint Pliers (130mm)

Combination pliers, ideal for bending and forming metal. The stainless steel jaws will never develop looseness or wobble, yet open and close smoothly. For fine jewellery making, bead-craft & modelling applications.

PPL1306 Half Round/Flat

- Ideal for making curves in wire and shaping rings or bezels • Half round and flat plier tips

PPL1307 Round/Concave

- For shaping small jump rings & wire looping
- Round and concave plier tips

PPL1308 Round/Flat

- For forming loops, twisting and bending
- Round and flat plier tips

PPL1309 Concave/Half Round

- For bending & forming metals
- Concave and half round plier tips

Value range of Mini Pliers & Nippers

1 PPL6001 - Flat Nose Serrated Combination Pliers (120mm)

2 PPL6002 - Snipe Nose Serrated Combination Pliers (125mm)

3 PPL6003 - Snipe Nose Smooth Bent Pliers (125mm)

4 PPL6004 - Top Cutter Pliers (115mm)

5 PPL6005 - Side Cutter Pliers (110mm)

6 PPL6000 - Set of 5 Pliers & Zip-Up Case

PPL6703 Economy Sprue & Plastic Cutter

- Flush cuts in plastics & sprues
- Small cuts in plastic models, military figures and for general hobby & craft

PPL6704 Flush Cutter

- Ideal for flush cuts in photo-etched parts, thin wire and plastics
- Spring-action & comfortable insulated grips
- General hobby & craft applications

Mini Snips

PSC1001 Mini Snips Small Straight

PSC1001/C Mini Snips Small Curved

PSC1002 Mini Snips Large Straight

PSC1002/C Mini Snips Large Curved

- Versatile, precision scissors
- Comfortable to use
- Built in spring return
- Excellent for modelling, rigging, decals, needlecraft & bead stringing

STRAIGHT

CURVED

PPL5015 Micro Snips

- Versatile 'Japanese' style scissors
- Built in spring return
- Excellent for modelling, needle-crafts, bead stringing & bonsai trimming

PPL1207 Straight Jewellers Tinsnips (180mm)

PPL1208 Curved Jewellers Tinsnips (180mm)

- For cutting light gauge metal
- Suitable for cutting intricate shapes

Exceptional cutting power from especially hardened blades. Ideal for pulling, twisting and holding. Suitable for cutting intricate shapes in light gauge metal.

Utility Snips

- Multipurpose universal scissors with reinforced cutting edges
- Suitable for tougher materials; card, textiles, rubbers, leathers and paper
- Ideal for craft, hobby & general household use

PSC0001/S Utility Snips (140mm)

PSC0001/L Utility Snips (180mm)

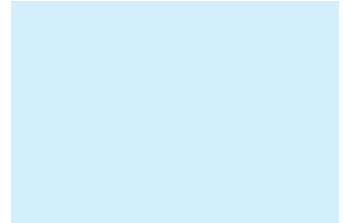

PSC0209 Stainless Steel Scissors (209mm)

- Easy grip scissors
- Stainless steel blades
- Ergonomic design - for left and right handed use

XURON Speciality Pliers & Cutters

Xuron have supplied their fine range of pliers and cutters to the civilian, military electronics and aerospace industries since 1970.

Now available to the hobbyist, crafter and engineer we are confident that you will be amazed by their precision and quality.

PXU0410/A Ultra Flush Cutting Micro-Shear®

- Cuts small or soft material with no 'pinch'
- Leaves a finished or near finished surface
- Spring returns shear to open position after use

PXU0410/T High Precision Micro-Shear®

- Suitable for fine work, such as fibres up to 1mm
- Ideal for cutting trees or wiring a model railway layout
- Light-Touch™ return spring speeds up work

PXU0420/T Angled High Precision Micro-Shear®

- Tapered tip provides access in tight areas
- Angled head gets your hand and arm out of the way for improved sight lines

PXU0440 High Precision Scissors

- Extremely comfortable in use
- Especially advantageous for users with arthritic hands
- Rated for cutting soft metals up to 0.13mm

PXU0450 Tweezernose Pliers

- Precise enough to handle the most delicate parts
- Strong enough to form and bend wire
- Light-Touch™ return spring speeds up work

PXU0501 Adjustable Wire Stripper

- Strips wires 10-26 AWG (2.59mm – 0.405mm)
- Full by-pass shear for added versatility for improved sight lines
- Light-Touch™ return spring speeds up work

PXU2175/B Track Cutter

- Cuts quick, clean and square
- Less effort than conventional compression cutters
- Rated for Z, N, HO, OO and S gauges

PXU2193 Hard Wire & Cable Cutter

- No special technique required
- Low cutting effort due to shearing action
- Cushioned Xuro-Rubber grips for comfort

PXU9200 Tapered Micro-Shear Flush Cutter

- Tapered head design cuts soft wire up to 14 AWG (1.6mm)
- Strong enough to cut prongs for stone settings
- Soft grips and Light-Touch™ return spring

PXU9180 Photo Etch Scissors

- Easily cuts delicate photo-etch without bending, pinching or twisting
- Ergonomically shaped handles
- Light-Touch™ return spring speeds up work

SAWS & SAW BLADES

Saw Blades for plastic #5 handle (PKN3305)

PKN1300 Saw Set

- No.5 handle & 7 saw blades
- Pa omprehensive saw set is perfect for detailed and accurate cuts and work in wood, plastics & foam. Ideal for modelling & project work. Includes 7 blades, also available separately:

PKN1340 #134 Saw Blade

- 125mm (5") x 19mm (3/4") • 42 tpi

PKN1350 #135 Saw Blade

- 125mm (5") x 25mm (1") • 42 tpi

PKN1360 #136 Saw Blade

- 125mm (5") x 32mm (1.25") • 30 tpi

PKN1380 #138 Saw Blade

- 125mm (5") x 50mm (2") • 16 tpi

PKN1390 #139 Saw Blade

- 125mm (5") x 32mm (1.25") • 54 tpi

PKN2715 #15 Keyhole Blade

- For small interior sawing

PKN2727 #27 Saber Blade

- For working in narrow areas

PSA4040 Junior Hacksaw

- Depth of cut 60mm (2¹/₃"
- Blade length: 150mm/6"
- Suitable for a wide variety of applications

This value junior hacksaw comes complete with a blade (150mm/6") and features a steel frame with finger guard. Replacement blades are available in packs of 10 (PSA4040/B).

PSA4040/B Junior Hacksaw Blades x10

PSA5042 Junior Hacksaw

- Beautifully crafted wooden handle
- Hacksaw with fitted blade

This Junior Hacksaw will cut metal, rigid plastic and wood with a small cross-section, such as timber mouldings. Ideal for project work.

Replacement blades sold separately (PSA5042/B)

PSA5042/B Junior Hacksaw Blades x10

PSA5040 Adjustable Piercing Saw Frame

- Accepts blades between 60-160mm
- Accommodates broken blades

This adjustable piercing saw frame can be used with the piercing saw blades x36 (PSA5041/36) which are of 3 grades, coarse, medium & fine. Ideal for fretwork and precision sawing in wood.

PSA5041/36 Piercing Saw Blades x 36

- Can fit all popular piecing saw frames
- Includes:
12 each of Coarse, Medium, Fine

Fine
Medium
Coarse

PSA4041 Plastic Mini Mitre Box

- Two 45° and one 90° guide on both edges
 - Hold materials up to 38mm (1.5") thickness
 - 2 countersunk holes for fixing to your workbench
- An excellent aid for cutting perfect angles, mitred corners and splices. Can be used with Zona Razor Saws as well a Junior Hacksaws.

Zona Saws

- 32 tpi thin kerf razor saw
- Plastic Mini Mitre Box with 45°, 60° and 90° slots

PSA35/260 Aluminium Mitre Box (140mm)

- Holds materials up to 44mm (1.75") thickness
- Length 140mm (5.5")

An excellent aid for cutting perfect angles, mitred corners. Can be used with Zona Razor Saws and Junior Hacksaws.

No.1 Craft Knives & Blades

PKN3301 Knurled #1 Handle Fitted with #11 Blade

- For fine angled cuts, carving, scoring, etching & scraping

PKN4301 Soft Grip #1 Handle with #11 Blade

- Magnetic end for picking up blades and metal components

PKN4301/S

Box Set with Soft Grip #1 Handle & 6 Steel Blades

- Magnetic end for picking up blades and metal components

Packed Blades

- All blades packed in safety storage box

PKN1705 Pack of 5 Assorted Blades

- Popular selection of precision blades for intricate, detailed cutting
- Includes 2x #11, 1x #10, 1x #16, 1x #17 blade

PKN1710 #10 General Purpose Curved Blades

- For cutting, carving & trimming
- Fine angle cuts • For light duty tasks

x5

PKN1711 #11 Classic Fine Point Blades

- Sharp angle for precise cutting
- Perform intricate work

PKN1716 #16 Scoring Blades

- Perform intricate, detailed cuts
- Work without ripping or tearing • Easy to change directions

PKN1717 #17 Chiselling Blades

- Perfect for removing fine layers
- Detail work on delicate materials • Chisel has straight, sharp blade

PKN1767 #67 Angled Chisel Blades

- For chiselling & deburring
- Angled edge • Good for shaping & trimming

PKN1768 #68 Stencil Edge Blades

- Perfect for trimming & scoring • For stencilling & graphic arts • Thin neck, excellent for reaching into tight spaces

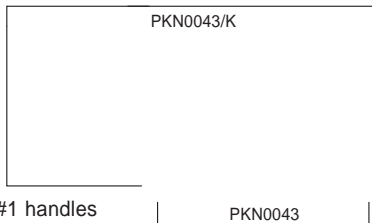

PKN0043/K Mini Saw Set with Soft Grip #1 Handle

PKN0043

Mini Saw Blades

- Ideal for intricate cuts
- For plastics, photo-etched parts & wood
- 4 very fine saws (0.24mm)

Perfect for arts & crafts, model building and other intricate tasks. Blades fit all #1 handles

PKN2008 Craft Knife #1 with 6 Steel Blades & Cutting Mat

- Quality #1 handle with inbuilt soft comfort grip
- Magnetic end for picking up blades & other metal components
- Self-healing Cutting Mat (A6 size)
- Storage Box

No.2 & No.5 Craft Knives & Blades

PKN3302 Medium Size #2 Handle Fitted with #2 Blade

- For cutting, carving, sawing & gouging

PKN4302 Soft Grip #2 Handle with #2 Blade

- Magnetic end for picking up blades and metal components

PKN4302/S Box Set with Soft Grip #2 Handle & 6 Steel Blades

- Magnetic end for picking up blades and metal components

PKN3305 (115mm/4.5") Plastic Handled Craft Knife with #24 Blade

- Can be used with Modelcraft saw blades • Anti roll body design
- Perfect for wood, cardboard, paper, plastic & light metal foils

PKN2705

Pack of 5 Assorted Blades

- Popular selection of precision blades for intricate, detailed cutting
- Includes 2x #24, 1x #2, 1x #19, 1x #22 blade

PKN2702 #2 Large Fine Point Blades

- Improved angle for cutting
- Medium weight materials • Exceptional level of precision

x5

PKN2718 #18 Chiselling Blades

- Razor sharp straight edge
- Perfect for hard or soft wood • For deep cross chiselling

PKN2719 #19 Angled Chiselling Blades

- For light chiselling & deburring
- Ideal for shaping & trimming • Accurate and detailed cuts

PKN2722 #22 Curved Carving Blades

- Long edge for curved cutting
- Ideal for plastic & wood • Medium duty tasks

PKN2724 #24 Deburring Blades

- For cutting, shaping & carving
- Perfect for deburring & making tight cuts
- Sharp angle for effortless work

PKN2768 #68 Stencil Edge Blades

- Excellent for trimming & scoring
- For stencilling & graphic arts
- Thin neck, excellent for reaching into tight spaces

PKN3305/S Precision Craft Knife Set 16pcs

- Quality #1, #2 & #5 handles
- 5x blades for #1 handle
- 8x blades for #2 & #5 handle
- For fine angle cuts, precise trimming, cutting, carving, sawing, gouging & shaping
- Storage Case

KNIVES & CUTTERS

Retractable Safety Knives

- Retractable precision knife with blade locking feature
- 5cm ruler on the back
- For fine angle cuts & precise trimming

PKN3216/10 #10

PKN3216/10A #10A

PKN3216/11 #11

PKN3216/15 #15

PKN3216/S Retractable Safety Knife Set x4

PKN3216/S

PKN1007/3 Disposable Knife Set x3

- 3 x Disposable knives with safety caps
- Strong nylon handles with inbuilt finger guard
- Fine angle cuts
- Precise trimming

PKN1005 Retractable Trimming Knife

- 160mm/6¼" die-cast body
- Spare blade included in handle
- For modelling hobby & smaller DIY tasks

PKN1006 Value Craft Knife Set

- Including #1 knife & selection of 6 blades

PKN1003 Razor Knife Set x3

- Snap off blades
- Safety auto-lock system

These razor knives come in 3 different sizes (small, medium & large) and feature locking system. The steel blades can be snapped off easily when required to expose the next sharp edge in line.

PKN1900 Snap Off Knife & 10 Blades

- Lightweight sturdy zinc alloy body
- Auto-lock button, blade removing device & hanging hole
- Includes 10x 12 section blades, 9mm x 0.3mm

PKN1910 Slim Snap Off Knife & 10 Blades

- Slim design perfect for precision tasks
- Auto-lock button, blade removing device & hanging hole
- Includes 10x 12 section blades, 9mm x 0.3mm

PKN8100 Ceramic Craft Knife

- For use with card, paper, film, thin foam, acetate, balsa
- Increased safety, will not rust, is non sparking, non-conductive
- Lasts 10 times longer than traditional steel blades

2 Blade Settings

PKN4200

Swivel Craft Knife with 2 Spare Blades

- The perfect tool for intricate, detailed cutting of curves & circles
- Blade rotates 360 degrees
- Features soft grip handle and safety cap

PKN4210 Mini Hobby Knife with 2 Spare Blades

- For intricate, delicate and detailed cutting applications
- Easily cuts card, paper, film, stencils, acetate and more
- Features retractable blade, soft grip handle and safety cap

PKN4101

Circle (Compass) Cutter

- Designed for cutting accurate circles in paper, card, masking films, leather, vinyl etc.
- Radius from 10mm to 150mm

PKN4101/B

Replacement Circle Compass Blades x 10 & Pencil Lead x2

PKN4150/S

Plastic Cutter Scriber & 5 Blades

- Perfect for scribing and cutting laminated plastics and acrylics
- Leaves no burrs
- Features blade lock button, finger grip & lanyard hole

PKN4150/B Spare Scriber Blades x5

PKN6145 Rotary Cutter (45mm) & 3 Blades

PKN6128 Rotary Cutter (28mm) & 3 Blades

- Cuts a wide range of materials such as fabric, leather and vinyl
- Includes Standard, Skip & Wavy Blade
- Inbuilt blade guard

Spare 28mm blades available:

① PKN6194/B Standard

PKN6194/S Skip

KNIVES & CUTTERS (Continued)

PKN0008/K Precision Saw Set with Scalpel Handle

PKN0008 Precision Saw Blades

- Ideal for intricate cuts
- For plastics, photo etched parts & wood
- 4 very fine saws (0.24mm)

Excellent for intricate sawing & cutting in plastics, wood and photo etched parts.

Blades can fit all small fitment scalpel handles.

PKN0008

PKN0008/K

PKN0009/K Precision Saw Set with Scalpel Handle

PKN0009 Precision Saw Blades

- Ideal for intricate cuts
- For plastics, photo etched parts & wood
- 6 very fine saws (0.24mm)

Excellent for intricate sawing & cutting in plastics, wood and photo etched parts.

Blades can fit all small fitment scalpel handles.

PKN0009

PKN0009/K

PKN1214/3/11 Scalpel Set Stainless Steel

- Stainless Steel #3 Handle
- 5 x #11 Blades
- Fine angle cuts & precise trimming

PKN5002 Plastic Scalpel Handle #3

- Plastic moulded handle, comfortable to use
- Handle colour may vary

PKN5002/11 Plastic Scalpel Handle with 5 x No.11 Blades

- Plastic moulded handle, comfortable to use
- Fine angle cuts & precise trimming
- Handle colour may vary

The Swann-Morton range of craft knives are manufactured with the same precision cutting performance and consistent quality as their world famous range of surgical blades and handles. The comprehensive range of handles and blades are used by both the amateur and the professional craftsman to perform delicate and precise cutting tasks on a wide range of materials.

PKN9210 #3 Scalpel Handle & 5 #10A Blades

- Cutting edge professional performance
- Surgical quality steel blades

Blade options for #3 Scalpel Handle (all packed in 5s):

PKN9271 5 #10 Blades for #3 Scalpel Handle

PKN9272 5 #10A Blades for #3 Scalpel Handle

PKN9273 5 #11 Blades for #3 Scalpel Handle

PKN9275 5 #15 Blades for #3 Scalpel Handle

PKN9220 #4 Scalpel Handle & 5 #26 Blades

- Cutting edge professional performance
- Surgical quality steel blades

Blade options for #4 Scalpel Handle (all packed in 5s):

PKN9277 5 #21 Blades for #4 Scalpel Handle

PKN9283 5 #26 Blades for #4 Scalpel Handle

PKN9205 3 Trimaway - Fixed-Blade Disposable Knives

- Cutting edge professional performance
- Strong nylon handles with protective blade guards

Cutting Mats

PKN6001 A1 (600 x 900mm)

PKN6002 A2 (600 x 450mm)

PKN6003 A3 (450 x 300mm)

PKN6004 A4 (300 x 200mm)

PKN6005 A5 (230 x 160mm)

PKN6006 A6 (144 x 105mm)

Modelcraft cutting mats are constructed from a 3 layer PVC mat in sandwich structure that ensures no cracking or warping. The non slip surface holds paper firmly and prevents blade run and cutting error. The use of a cutting mat preserves the life of blades and encourages accurate cutting.

CLAMPING & WORKHOLDING

PCL2228

Helping Hands & Glass Magnifier

- Holds objects at any angle to leave both hands free
- Heavy base to avoid tipping
- Ball joints for easy adjustments
- Quality glass lens with 2x magnification

Useful, versatile device for holding items in position during assembly, soldering or painting.

PCL2400 Helping Hands & LED Magnifier Workstation

Essential workstation for model making and soldering applications

2-in-1 Magnifier - dia. 75mm/3"

- Main lens 3x mag.
- Insert lens 4.5x mag.
- 10 LEDs, giving a cool, bright light

Work holder with alligator clips & mini vice

- 360 degree rotation
- Locking nut adjustment
- Removable mini vice with 10mm jaw capacity
- Fitted with soldering iron holder & soldering tray
- Comes with: USB Cable 1.5m for corded, continual use
- 3 x AAA batteries included

PCL8010 Universal Work Holder (with wooden handle)

PCL8010/B Universal Work Holder (with non-slip base)

- Ideal for holding small and odd-shaped parts
- For filing, painting, engraving, sawing, shaping etc.
- The 8 steel pins can be positioned anywhere to accommodate various shapes
- Useful for bending and forming wire
- Can be used as a mini vice
- The head can be removed and locked into a bench vice
- Jaw capacity: 20mm

PCL8010/B

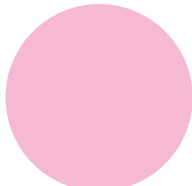

PCL8010

PVC1650 Mini Vice

- For holding smaller parts in place and working in detail
- 4 non-marking nylon grips, easily repositioned to hold various shapes
- Recessed base designed for use in larger bench vice
- Vice Jaw capacity: 30mm

PVC1660 Spring Loaded Mini Clamp

- Miniature spring loaded sliding clamp
- For holding smaller parts in place and working in detail
- Fitted with 4 fixed nylon non-marking grips
- Jaw capacity: 35mm

① PVC7002 Mini Bench Vice (30mm)

Jaw Width: 40mm

Jaw Capacity: 30mm

Bench Clamp Capacity: 20cm

② PVC7006 Hobby Bench Vice (50mm)

Jaw Width: 60mm

Jaw Capacity: 50mm

Bench Clamp Capacity: 25cm

- Made from an aluminium alloy, combining strength with lightness
- Ideal for use with portable workbenches, kitchen table etc.
- Ensure better accuracy and minimise mistakes
- Perfect for any model maker or DIY enthusiast
- Holds objects securely at the desired angle

PVC7008 Multi-Angle Bench Vice (55mm)

Jaw Width: 75mm

Jaw Capacity (without rubber jaws): 55mm

Jaw Capacity (with rubber jaws): 50mm

- Head rotation: 360 degrees
- Tilt position: 0-90 degrees
- Overall height above the work surface: 155mm
- Made from die-cast aluminium & nickel plated steel
- The head rotates and tilts to help manoeuvre your work piece to the desired angle
- The rubber grips are perfect for holding delicate objects (grips are removable)
- The vertical & horizontal v-grooves are ideal for holding rods, wires or can be attached to benches up to 55mm in thickness
- Adjustable lower clamp grip for uneven surfaces
- Soft grip jaws protect the surface from being damaged

360°

90°

45°

PVC7012 Universal Suction Vice (70mm)

Jaw Width: 70mm

Jaw Capacity (without rubber jaws): 70mm

Jaw Capacity (with rubber jaws): 65mm

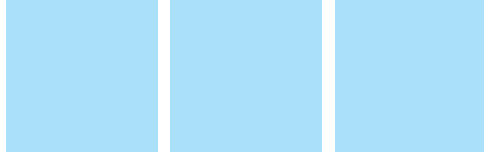

- Head Rotation: 360 degrees
- Tilt position: 0-90 degrees
- Overall height above the work surface: 195mm
- Weight: 1.4 kg

Powerful suction base with locking handle fixes vice to any flat, smooth surface.

CLAMPING & WORKHOLDING

PCL1003 3 G-Clamps and Magnet

- Ideal for general work holding, gluing etc.
- Fitted with non marking nylon grips for light delicate objects
- Use with magnet base as a mini vice
- Capacities: 20mm, 35mm, 40mm

PCL1222 Bench Tweezers Holder

- Excellent support tool for holding reverse action tweezers
- Leaves your hands free
- Adjustable arm for positioning purposes
- Weight 430g

PCL3000 Nylon Grip Clamps Set x9

- For holding, gripping and clamping work pieces
- Adjustable grips for better positioning
- 1.5" (38mm) capacity
- 1.0" (25mm) capacity

x6

x3

G-Clamps

1 PCL3025 G Clamps (25mm)

PCL3050 G Clamps (50mm)

PCL3075 G Clamps (75mm)

- Lightweight & simple to use
- Essential for any toolbox
- Nylon soft grips for delicate & precise work

1

Parallel Clamps

PCL4201/A Toolmakers Parallel Clamps (40mm/1.6")

PCL4201/B Toolmakers Parallel Clamps (50mm/2")

PCL4201/C Toolmakers Parallel Clamps (65mm/2.5")

- Useful for holding small work pieces together
- Chamfered jaw ends
- Shiny, black finish

The toolmakers parallel clamps consist of two metal jaws which are opened and closed by two screws at right angles to the length of the jaws.

PCL8025 Non-Mar Wedge Clamp

- Ideal for modellers crafters and jewellers
- Holds jewellery, glass, plastics, metals etc.
- Hand held clamp for painting, polishing, buffing, drilling and gluing

As the wedge is driven in the opposite end to the work, the leather lined jaws tighten to grip without marking, whilst holding the item firmly.

Multi Clamps

These unique clamps are made of technologically advanced materials used in the aircraft industry. The high density carbon fibre beams and the jaws are incredibly supple, giving the clamps a tactile flexibility and pressure sensitivity similar to the human hand. The clamps can be used for holding, pressing, and as a spreading tool for creating a jig.

PCL8710/2

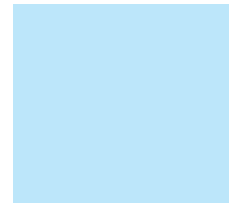

Multi Clamps x2 (40mm)

- 2 unique multi clamps with 80mm beams & two jaws each
- Capacity between the jaws 40mm
- For holding & clamping work pieces whilst gluing, painting etc

PCL8720

Multi Clamps x1 (160mm)

- 1 x large hobby clamp
- 200mm beam with 2 jaws
- Capacity between the jaws 160mm

Locking Forceps

PCL5044 Straight Locking Forceps Jaws (Smooth) (130mm)

PCL5045 Straight Locking Forceps Jaws (Serrated) (150mm)

PCL5046 Curved Locking Forceps Jaws (Serrated) (150mm)

- Stainless steel with quality box joint construction
- For gripping, holding & pulling tasks
- Used by model builders, jewellers, miniaturists, cake decorators, anglers & flower arrangers

PCL5044

PCL5045

PCL5046

SERRATED - CURVED

HAMMERS & PIN PUSHERS

Ball Pein Hammers

PHA1287/01 Ball Pein 1oz (28g) Length 210mm

PHA1287/02 Ball Pein 2oz (56g) Length 245mm

PHA1287/04 Ball Pein 4oz (113g) Length 270mm

- Miniature version of the ball pein hammer
- Used for shaping metal, riveting, marking and decorating

PHA1288 Mini Hobby Hammer 1¼oz (50g)

- For small pins, nails and tacks • Length 190mm
- Ideal for railway pins, doll houses and picture frames

PHA5111 Watchmaker Style Hammer 3oz (84g)

- Swiss type hammer • For striking blows in awkward areas
- Miniature cross pein hammer

PHA5180 Brass Jewellers Hammer 3oz (84g)

- Excellent balance
- Small brass hammer
- Hardwood handle

PHA8366 Chasing Hammer (5oz/28g)

- For chasing, chiselling, riveting or peining
- Varnished hardwood handle
- Quality forged steel heads

PAN5004 Mini Anvil

- Double horn anvil for precision work
- Hardened drop-forged steel
- Weight 568g
- Ideal for hammering, beading and shaping

Pen Grip Pin Pushers & Pins

The pocket sized pin pusher with quality wooden handle is ideal for setting miniature n-gauge rail track on to board or for nailing tasks on wooden boat models, dolls houses and picture frames.

For use with black pins PPU8174B or brass pins PPU8174G.

PPU8174 Pen Grip Pin Pusher

PPU8174B Pen Grip Pin Pusher With 100 Black Pins

PPU8174G Pen Grip Pin Pusher With 100 Gold Pins

- Pocket sized fastening tool
- Ideal for pushing brass or black steel pins into wood or MDF
- Can push pins in to 9mm of plywood
- Pin head capacity: 1.1mm

PPU8174/PB 100 Black Pins For Pin Pusher PPU8174

PPU8174/PG 100 Gold Pins For Pin Pusher PPU8174

- For precision nailing tasks on wood

PPU8175 Pin Pusher With Adjustable Depth Stop

- Pocket sized fastening tool
- Adjustable depth stop
- Can be used with Hornby type track pins & tacks with 2.9mm dia head

This is a slightly larger version of the pen grip pin pusher, with the added advantage of an adjustable depth stop to ensure that all pins are pushed 'home' to the same depth. It is ideal for setting miniature rail track on to board or for nailing tasks on wooden boat models, dolls houses and picture frames.

MARKING & MEASURING

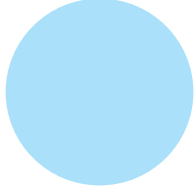

Dividers & Calipers

① PDV6711/3 Divider & Calipers 75mm/3"

PDV6712/3 Outside Divider & Calipers 75mm/3"

PDV6713/3 Inside Divider & Calipers 75mm/3"

- Made from high quality stainless steel • Heat treated points
- Micrometer style adjustment

PGA1001 Digital Plastic Calipers 100mm/4"

- Clear LCD display
- 3 way measurement
- Measurement mm/inch
- 0.1mm graduation
- 1.5V power battery

Metal Digital Calipers

PGA1100 Metal Digital Caliper 100mm/4"

PGA1500 Metal Digital Caliper 150mm/6"

- Quality stainless steel frame
- Clear LCD display
- 4 way measurement, (inside, outside, depth & step)
- Measurement in mm/inch
- 0.1mm graduation
- Locking screw

True mm/inch conversion for metric and imperial precision - with 0.1mm graduation for accurate measuring.

②

PGA1652 Brass Sliding Gauge 80mm/3"

- Solid brass gauge
- mm/inch conversion
- Notched jaws for inside/outside measurements
- 0.1mm vernier for accuracy

PGA4147 Vernier Calipers 125mm/5"

- General purpose steel caliper
- For external, internal and depth measurements

PRU1006 Steel Rule 150mm/6"

- Easy to read, conversion table on reverse

PRU1012 Steel Rule 300mm/12"

- Subdivided: 0.5mm, 1mm, 1/16", 1/32" & 1/64"
- Handy conversion tables on the back

PRU3012 Scale Steel Rule 12" (1/12th and 1/24th scale)

- Useful for dolls house enthusiasts

PGA5001 5 in 1 Angle Tool & Gauge 100mm /4"

- Quality steel construction versatile measuring tool - metric/imperial

Includes 5 functions:

- Protractor
- Ruler - 4"/100mm
- Centre finder
- Circle divider
- Drill point gauge

PGA5024 Micrometer 0 to 25mm

- Great for machinists, engineers & jewellers
- For precise measurement of smaller components
- Measuring range: 0-25mm & graduation 0.01mm

PGA6502 Depth Gauge with Protractor

- Metric / Inch measurements
- Stainless steel rule • Spring tension nut for easy depth measurements

When two surfaces are at any angle other than 90 degrees the angle between them can only be measured with a protractor.

PGA6601/A Depth Gauge & Angle Finder 150mm/6"

- Stainless steel rule (mm & inches)
- 3 angle finder- 15°, 30° & 45°
- Spring tension nut for easy depth measurement

PPU1001 Auto Centre Punch

- Heavy knurled body for easy handling
- Hardened and ground punch point • Adjustable spring tension

PPU1121/S Drive Pin Punch Set 100mm/4" (4 Piece)

- For accurate removal of metals pins or nails from a hole.
- Well-proportioned, hardened and tempered with a knurled grip.

Sizes: 1.6, 2.4, 3.0, 4.0mm with an overall length 100mm (4")

PSB0206/G Punch 'n' Scribe Auto Centre Punch

- Two in one tool - centre punch and scribe
- Adjustable tension on centre punch & pocket clip included

PSB0805 Scriber With Fixed Carbide Point

- Knurled handle for comfortable grip

PSB1412 Double Ended Handy Scriber 175mm/7"

- Point for scribing & wedge knife for scraping
- For marking and scoring a variety of different materials

PSB1416 Machinists Scriber

- Basic single ended scriber

Engineers Square

① PSQ2210/1 Engineer Square 1"/25mm

PSQ2210/2 Engineer Square 2"/50mm

PSQ2210/3 Engineer Square 3"/75mm

PSQ2210/4 Engineer Square 4"/100mm

- For accurate marking on metal, wood, plastic etc.
- Hardened and tempered finely polished blade

For checking cut stock or precise measurement of 90° right angles. Accurate on inside and outside edges. Manufactured to BS939.

DRILLS, REAMERS & TOOL HOLDERS

① PDR1126 Archimedean Drill Holder (with Return Spring)

PDR1411 Archimedean Drill Holder

- Mini spiral hand drill • For all small drill bits up to 1mm
- Turns by pushing the knurled centre ring up and down

This mini hand drill is ideal for use with very small drills as supplied in Modelcraft Microbox drill sets PDR4001 and PDR4004.

PDR4001 Microbox Drill Set (0.3-1.6mm) x20

- 20 high speed metric drills from 0.3 to 1.6mm in a handy slide-top box
- Dispenses one drill at a time
- Keeps drills securely in place

Sizes include: 0.30mm, 0.35mm, 0.40mm, 0.45mm, 0.50mm, 0.55mm, 0.60mm, 0.65mm, 0.70mm, 0.75mm, 0.80mm, 0.85mm, 0.90mm, 0.95mm, 1.00mm, 1.20mm, 1.30mm, 1.40mm, 1.50mm & 1.60mm

PDR4004 Microbox Drill Set (No.61-80) x20

- Contains one of each HSS number (Wire Gauge) drill, sizes 61 to 80
- Includes handy sliding top index storage dispenser
- Keeps drills securely in place

Sizes include:

61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80

PDR4005 Microbox Shank Drill Set (0.5-2.2mm) x10

- High speed steel drills from 0.5 to 2.2mm all with stranded 2.35mm size shanks
- Includes handy sliding top index storage dispenser
- Keeps drills securely in place

Sizes include:

0.5mm, 0.6mm, 0.8mm, 1.0mm, 1.2mm, 1.3mm, 1.5mm, 1.8mm, 2.0mm, 2.2mm

Precision Drill Bits (Packs of 10)

High quality drill bits perfect for hand held drills and pin vices.

PDR1910/03	0.3mm	PDR1910/09	0.9mm
PDR1910/04	0.4mm	PDR1910/10	1.0mm
PDR1910/05	0.5mm	PDR1910/12	1.2mm
PDR1910/06	0.6mm	PDR1910/15	1.5mm
PDR1910/07	0.7mm	PDR1910/18	1.8mm
PDR1910/08	0.8mm	PDR1910/20	2.0mm

PDR1962 Hand Drill & Chuck 6.4mm

- Pistol grip hand drill
- Very safe hand drill on which all gears are enclosed
- Keyless chuck accepts drill bits up to 6.4mm (1/4")
- Drill compartment in handle

PFR6200 Diamond Engraving Bit Set x20

- Shafts: 2.35mm (3/32")
- For use on ceramics, metal, stone, plastic and glass
- Use with hand held holders or in rotary power tools

Pin Vices

① PPV2237 Swivel Top

PPV2237/D Swivel Top & 5 Drill Bits (1.0, 1.2, 1.4, 1.5, 1.8mm)

PPV2238 Wooden Swivel Top

PPV1061 Double Ended

Handy holder for drills, taps & pins

- Capacity 0-2.9mm
- Includes 2 reversible collets
- Collet sizes:
0-1.2mm & 1.3-2.4mm
0.8-2.0mm & 1.8-2.9mm

English Pattern Pin Vices

① PPV4001/A (0 - 1.0mm)

PPV4001/B (0.8 - 1.5mm)

PPV4001/C (1.3 - 3.1mm)

PPV4001/D (3.0 - 4.8mm)

PPV4001/S Set of 4 English Pattern Pin Vices

- Ideal for holding small tools, drills, taps, etc. • Knurled body
- Hollow for holding long items
- Used in railway modelling for handrail wire

Adaptor Pin Chuck Sets

PPV4012/S Adaptor Pin Chuck Set
With 3 Collets (Capacity 0-2.5mm)
Shaft diameter: 6.4mm ^{1/4"}

①

PPV5155 Adaptor Pin Chuck Set
With 4 Collets (Capacity 1.0-3.2mm)
Shaft diameter: 2.35mm ^{3/32"}

- For use with miniature drills
- Precise drilling with small size drill bits

PPV0004 Wing Nut Hand Vice

- For gripping small components eg. pins, wire, rods etc.
- Smooth jaws, width 12.5mm (1/2")
- Max capacity jaw opening 5mm
- Hole along centre of handle for wire & long pins

PPV2002 Side Locking Holder

- For gripping small components e.g.s pins, wire, rods etc.
- Jaw capacity 0-1.5mm
- Length 110mm

Tool Holders

PTH1988 Revolving Mushroom Shaped Tool Holder (0 - 3.0mm)

Useful for reaming, taping & drilling. The wooden handle perfectly fits in the palm of your hand.

② PTH5044 Universal Ball Shaped Tool Holder (0 - 3.0mm)

- Ideal for use with gravers, drills, taps & broaches.
- Supplied with two collets • Capacity 0 to 3.0mm

BROACHES, REAMERS, PROBES & CARVERS

Cutting Broaches

① PBR2193 Precision Cutting Broach Set x6 (0.4 – 1.4mm)

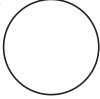

PBR2194 Precision Cutting Broach Set x6 (0.6 - 2.0mm)

PBR2196 Precision Cutting Broach Set x6 (1.2 – 3.0 mm)

PBR2316 Precision Cutting Broach (3.0 – 4.0 mm)

- For work on metals and plastics
- Ideal for enlarging or sizing, as well as cleaning & finishing previously drilled holes

- Fitted with comfortable knurled plastic handles

④

Smoothing Broaches

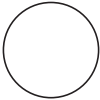

PBR2201 Smoothing Broach Set x6 (0.4 - 1.4mm)

PBR2202 Smoothing Broach Set x6 (0.6 - 2.0mm)

PBR2204 Smoothing Broach Set x6 (1.2 - 3.0mm)

- For work on metals and plastics
- Ideal for smoothing & burnishing holes after cutting

- Fitted with comfortable knurled plastic handles

Reamers

① PDR0074 Tapered Reamer (3-16mm)
With turning bar for exerting extra pressure

PDR0075 Tapered Reamer (1-16mm)
With comfortable grip handle

- Hand operated tapered reamer
- Easily removes burrs & enlarges holes

The hand operated tapered reamer can be used to easily finish and deburr panel holes.

②

PFL6009 Diamond Reamer & File Set

- Pin vice type holder with 4 diamond bits
- Longer lasting & faster working than conventional files
- Ideal for precise filing & reaming on plastics, beads & metals

The pin vice type holder comes with 4 useful diamond filing and reaming bits for use with beads, plastics and metals. The profiles included are flat file, 2 pointed reamers and a conical deburring & shaping bit. The holder includes storage for the files with screw on cap.

PFL6009/S Diamond Reamer & File Accessory Set

- Flat file
- 2 x Pointed reamers
- Conical deburring bit

Stainless Steel Probe Sets

PDT5004 Double Ended Stainless Steel Probes x2

- Long Reach - 210mm
- For tensioning, pulling, hooking, bending, twisting, placing & scraping
- Ideal for boat modelling, hobby, electronics & soldering

PDT5197

Stainless Steel Probes x6

PDT5197/3

Stainless Steel Probes x3

- Ideal for scraping, shaping & forming models
- Also good for applying filling & spreading soft materials such as clay, modelling compounds, putty, epoxy and wood filler

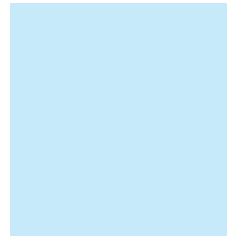

Stainless Steel Carver Sets

PDT5200 Stainless Steel Carvers x6

PDT5200/3 Stainless Steel Carvers x3

PDT0982 Double Ended Stainless Steel Carver

- For carving, shaping & forming models ①
- Ideal for spreading and smoothing soft materials
- Can be used for scraping & removal of excess material

PSP1000 Mouldline Remover

- Easily remove mouldlines & flash from miniatures
- Ideal for plastic, resin and metal components and models
- Safe to use, creates a smooth finish without damaging the surface

PCT1006

Wood Carving Set with Sharpening Stone

- Square skew (4mm and 6mm)
- Bent gouges (3mm and 6mm)
- V tool
- Parting tool
- Sharpening Stone

PSP5161 3 Sided Scraper

- For scraping and deburring
- Use on metal, plastics, laminates & solder
- Safety holder with reversible blade

FILES & ABRADERS

PBU1019/1 Glass Fibre Pencil (4mm)

- Propelling pencil action to control level of abrasion
- For accurate derusting, deburring & cleaning
- Surface preparation on metals, plastic & wood

PBU1019/2/10

Glass Fibre Refills for PBU1019/1 x10

PBU1020/2/10

Brass Fibre Refills for PBU1019/1 x10

PBU2138 Glass Fibre Detail Pencil (2mm)

- Clutch-Pen action
- For derusting, deburring & cleaning metals, plastics & wood
- Ideal for accurate and rapid cleaning, de-rusting and surface preparation

PBU2138/5 2mm Glass Fibre Refill x5

PBU2274 Glass Fibre Brush (7mm)

- For derusting, deburring and cleaning metals, plastics & wood
- Ideal for industrial uses, including maintaining metal & electronic components

PBU2275 7mm Glass Fibre Refill

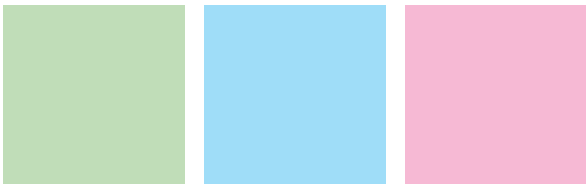

PBU1022/10 Glass Fibre Brush (10mm)

- Cleans, deburrs, de-rusts, polishes & burnishes
 - Fast working abrasive action • Ideal for work on larger surfaces
- Can be used on metals, plastics & wood.

PFL6001 Medium Cut Needle Files Set x10

- Ideal for general use
- 10 different profiles
- Medium cut
- Good value for money

Set of ten assorted needle files in a handy wallet. These medium cut files represent very good value for money and are ideal for general use.

PKF3443/2 Precision Needle File Set Swiss Style x3

- 3 x 160mm quality medium cut files
- Flat, Half Round & Round profiles for working on various shapes & contours
- Ideal for precise filing on plastic & metals

These quality 160mm needle files with profiles, flat, round and half round are excellent for precise filing tasks in plastics and metals. Precision made in the EU, they are longer lasting and work more effectively than standard files.

PFL6003 Double Ended Riffler Files Set x10

- For reaching places not accessible with needle files
- 10 different profiles
- Medium cut
- Good value for money

These riffler files are the same size as needle files, they are well made and have a very fine cutting surface and good sharp points. They cut well and evenly, and offer a good variety of shapes, including flat, curved, round, triangular and knife.

PFL6004 Needle File Set x6

- 140mm x 3mm files
- Rubber cushion-grip handles
- Handy storage box
- 6 different profiles
- Ideal for precise filing

PFL1006 Warding File Set x6

- 190mm files with rubber cushion-grip handles
- For use on metal, wood & plastic

These 190mm warding files are for general purpose filing and come in various shapes for use on plastic, metals & wood.

PFL6006 Needle Rasp File Set x6

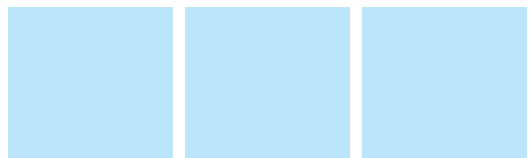

- 6 x 140mm rasp file profiles used for rapid material removal, without clogging
- Ideal for use on wood or wax

The needle rasp file set includes 6 profiles: flat, square, round, half round, triangle & warding. Excellent for use on wood or wax for rapid material removal, without clogging.

PFL6007 Mini Diamond File Set x5

- 5 x 100mm diamond file profiles for working on various shapes & contours
- Ideal for intricate filing on small plastic models and metals
- Ideal for use on wood or wax

The mini diamond file set includes 5 profiles: flat, square, round, half round & triangle. Excellent for the smaller more intricate modelling & filing tasks in plastics and metals.

PFL6002 Diamond Needle File Set x5

- 5 x 140mm diamond file profiles for working on various shapes & contours
- Longer lasting & faster working than conventional files
- Ideal for precise filing on plastic & metals

The diamond needle file set includes 5 profiles: flat, square, round, half round & triangle. These 140mm tools are excellent for precise filing tasks in plastics and metals. Longer lasting and faster working than conventional files.

PFL6008 Diamond Hand File With Wooden Handle

- 75mm x 3mm diamond file
- Ideal for general purpose filing applications and for reaching into tight slots

Ideal for general purpose filing applications and for reaching tight slots. The diamond file can be used on plastics, metals & wood.

ABRADERS & PRECISION SANDERS

Reusable Abrasive Blocks

30 Grit 60 Grit 120 Grit 240 Grit

- For better results use with water, detergents, white spirit or paraffin
- Excellent for paint preparation, ideal for automotive, jewellery, craft & smaller DIY tasks

PAB0030 Extra Coarse (30 Grit)
• Effective for sanding & material removal

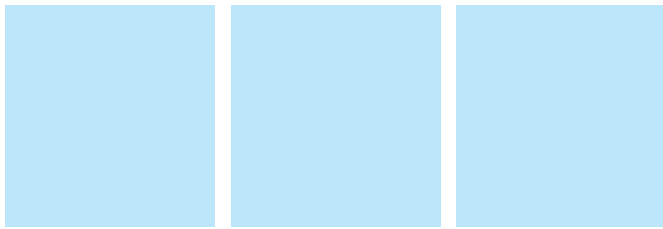

PAB0060 Coarse (60 Grit)
• For sanding and cleaning surfaces

PAB0120 Medium (120 Grit)
• For blending, polishing & smoothing surfaces by removing scratches

PAB0240 Fine (240 Grit)
• Ultimate professional finish

Washable & Reusable Abrasive Blocks

Abrasive blocks are effective for blending, polishing and smoothing surfaces by removing scratches left by the coarser grits on materials such as metal, wood, plastics, leather, rubber and fibreglass.

Dual Grit Flexi Sanders

- Grits: Coarse (60/100), Medium (240/400) & Fine (600/1000)
- Flexible for working on both flat and curved surfaces
- For model making, craft & smaller DIY tasks

PAB1000 Extra Flexi Slim-Line Sanders x3 (90x19x6mm)
Flexible for working on flat & contoured surfaces, especially for those hard to reach areas.

PAB1100 Flexi-Slim-Line Sanders x3 (90x19x12mm)
Perfect for material removal, polishing and cleaning materials.

PAB1200 Extra Flexi Wide Sanders x3 (80x30x6mm)
Can be used for paint preparation, de-nibbing, stripping & sanding rough and built up surfaces. They also create a clean & smooth polish.

PAB1300 Flexi Wide Sanders x3 (80x30x12mm)
Thicker sanders are excellent for completely removing blemishes and scratches whilst restoring a high-gloss finish on materials.

PAB1401/S Precision Micro Sander & Polisher

- Ideal for polishing out scratches & preparing metal, wood and plastic surfaces for painting
- Double ended holder with standard and soft end
- Includes 3x 1500 grit pads & 3x 2500 grit pads

Spare superfine pads also available (sold separately):

- 1 PAB1415 1500 grit x10 (35mm dia) Scalloped Sander Pads
- 2 PAB1425 2500 grit x10 (35mm dia) Scalloped Sander Pads

PAB1500 Dual Grit Sanding Sticks x10

- Grits: 80 Coarse & 240 Fine
- Length 170mm; Width Tapered 13mm to 10mm
- These flexible sticks can be used wet or dry and can be cut to size to suit the task in hand

Spring Loaded Finger Sanders

- 1 PFL6010 Spring Loaded Finger Sander (10mm, medium grade)

PFL6020 Spring Loaded Finger Sander (20mm, medium grade)

PFL6040 Spring Loaded Finger Sander (40mm, medium grade)

PFL6025 Spring Loaded File Sander (25mm, medium grade)

A unique shape for working on both flat and curved surfaces and comes with a pre-fitted medium sander band.

- 1 PFL6010

- 2 PFL6020

- 3 PFL6040

- 4 PFL6025

Sanding band packs include:

- 1x coarse grade band (150 grit),
- 1x medium grade band (240 grit),
- 1x fine grade band (320 grit)

PFL6010/B 3 Sanding Bands for PFL6010

PFL6020/B 3 Sanding Bands for PFL6020

PFL6040/B 3 Sanding Bands for PFL6040

PFL6025/3 3 Sanding Bands for PFL6025

TWEEZERS AND PICK & PLACE TOOLS

Fine Stainless Steel Tweezers

PTW2185/2A Flat Rounded Tweezers 120mm

PTW2185/3 Fine Tweezers 120mm

PTW2185/5 Super Fine Tweezers 120mm

PTW2185/7 Extra Fine Curved Tweezers 115mm

PTW2185/SS Very Fine Tweezers with Narrow Points 120mm

PTW2185/AA Fine Tweezers with Strong Bevelled Edges 120mm

- Ideal for miniature and microscopic parts & components
- Very sharp, pointed for accurate & delicate handling
- Anti-acid & anti-magnetic

PTW2185/S Set of 5 Tweezers in Zip Case

PTW1093/FR Fine Serrated Locking Tweezers 160mm

- Ideal for miniature parts & components
- Straight and pointed for accurate & delicate handling
- Anti-acid & anti-magnetic
- The locking facility allows you to grip items hands free

PTW1126 Straight Tip Reverse Action 160mm Blunt End Tweezers

- Ideal for gripping small parts & components
- Reverse action gripping items hands free

PTW1127 Straight Tip Reverse Action Blunt End Tweezers with Fibre Grip 160mm

PTW1128 Curved Tip Reverse Action Blunt End Tweezers with Fibre Grip 160mm

①

②

These fibre grip tweezers are ideal for holding small parts in position whilst soldering and also stop heat from travelling up into your fingers. The 160mm length ensures that you have enough of a working distance and the reverse action means that you even grip items hands free.

PTW1134 Stainless Steel Tweezers with Fibre Grip & Serrated Tips 160mm

- Ideal for holding & positioning whilst soldering
- Fibre grips protect from heat travel
- Serrated precision tips securely hold small parts
- Anti-acid and anti-magnetic

PTW1150/2 Plastic Tweezers 160mm x2

- Multi-Purpose plastic tweezers
- Serrated tips for better grip
- Ideal for holding small delicate parts & components

PTW5000 Set of 4 Steel Tweezers

- Ideal for miniature and microscopic parts & components
- Strong fine points, ideal for accurate controlled handling
- Approx 110mm long

This is a selection of the

4 most popular steel

tweezers, ideal for

accurate and controlled picking, holding and placing of small parts & components. This set includes a self-locking needle point, angle point, straight point and flat point.

Strong Stainless Steel Tweezers

① PTW5350 Strong Straight Tweezers 175mm

PTW5351 Strong Curved Tweezers 175mm

- Ideal for miniature and microscopic parts & components
- Strong fine points, ideal for accurate controlled handling
- Anti-acid & anti-magnetic

①

PTW1124 LED Magnifier Tweezer (1.75x mag)

- For picking up small parts and components
- Also for removing splinters & threading needles
- Includes adjustable magnifier 1.75x mag
- Comes with LED light & adjustable head
- Batteries fitted

PTW1125 Magnifier Tweezers

- Ideal for miniature and microscopic parts & components
- Very sharp and pointed for accurate & delicate handling
- Magnification 1.75x

Pick & Place Tools

① PTW1131 Pick & Place Tool (Fine)

PTW1132 Pick & Place Tool (Medium)

PTW1133 Pick & Place Tool (Large)

PTW1135 Double Ended Pick & Place Tool (Small & Large)

- For picking up & pinpoint placing of small objects
- Sticky silicone tips for accurate handling
- For plastic model components, decals, beads, gems, glitters & stamps

③

PTW1129 Pick-Up Tool with Steel Grips

- For retrieving and holding small parts & gripping components in position
- Three Spring-loaded steel grips hold any shape up to 30mm
- Thumb controlled plunge action

PTW1130 Telescopic Magnetic Pick-Up Tool

- Retrieves parts from awkward places
- Extends from 120-300mm
- Pen style clip

120 - 300mm

SCREWDRIVERS

PSD1006 Precision LED Screwdriver

- Aluminium body with built-in LED light and pocket clip
- Convenient storage for 6 bits in handle & magnetic head to hold bits securely
- Bits included: 3 cross point (PH000, PH00, PH0) & 3 slotted (1.5, 2 & 3mm)

PSD1490 Angled Screwdriver Bit Holder

- For screwing at an angle of 90° and in tight spaces
- 1/4" Hex Socket holds screwdriver bits securely
- Anti-slip L-shaped handle with knurled grip
- Double ended with straight and angled heads

PSD1600 Slotted Screwdriver Set (6)

- Set of 6 nickel chromemolybdenum alloy steel screwdrivers
- Satin chrome plated and black finish tips
- 1.0, 1.5, 2.0, 2.4, 3.0, 3.5 x 50mm

PSD1602 Phillips Screwdriver Set (6)

- Set of 6 nickel chrome molybdenum alloy steel screwdrivers
- Satin chrome plated and black finish tips
- No. 0000, 000, 00, 0 x 50mm
No. 0, 1 x 75mm

PSD1603 Torx Screwdriver Set (6)

- Set of 6 nickel chrome molybdenum alloy steel screwdrivers
- Satin chrome plated and black finish tips
- T6, T7, T8, T9, T10, T15 X 50mm

PSD1604 Nut Driver Set (6)

- Set of 6 nickel chrome molybdenum alloy steel screwdrivers
- Satin chrome plated and black finish tips
- 3.2, 4.0, 5.0, 5.5, 6.0, 7.0mm x 75mm

PSD1606 Hex Key Driver Set (6)

- Set of 6 nickel chrome molybdenum alloy steel screwdrivers
- Satin chrome plated and black finish tips
- 0.9, 1.3, 1.5, 2.0, 2.5 & 3.0mm x 50mm

PSD1607 Ball Point Driver Set (6)

- Set of 6 nickel chrome molybdenum alloy steel screwdrivers
- Satin chrome plated and black finish tips
- 1.3, 1.5, 2.0, 2.5, 3.0, 3.2mm x 50mm

PSD1087 High Quality Watchmaker Screwdrivers

- Colour coded handles and stand for easy selection
- Includes sizes 0.6, 0.8, 1, 1.2, 1.4, 1.6, 2, 2.5 & 3mm
- Weighted rotating stand with spare tips stored inside

PSD1011 Precision Swivel Top Screwdriver Set

- 9 precision screwdrivers
- Phillips: No's. 00,0,1
- Slotted blades: 1.0, 1.2, 1.4, 1.8, 2.4, 3.0mm
- 1 Awl • 1 Pair of tweezers

This swivel top set have precision hardened blades with nickel plated bodies & swivel heads, perfect for smaller, detailed tasks.

MAGNIFIERS

POP1763 Slimline Headband Magnifier

- Ideal for close up precision work
- Includes 4 lenses
- Magnification 1.6x, 2.0x, 2.5x and 3.5x

POP1035 Plastic Eye Glass

- Magnification 3x
- Focal length 87mm (3.5")

These eye glass magnifiers help reduce eye strain. Ideal for precision & miniature work.

POP1038/35 Clip-on Spectacle Eye Glass

- Magnification 3x
- Focal length 87mm (3.5")

These eye glass magnifiers help reduce eye strain. Ideal for precision & miniature work. The clipon spectacle eye glass is useful for extra comfort.

POP1490/B Double Lens Jewellers Loupe

- Magnification x10
- Focal length 18mm (0.7")
- Distortion-free viewing through spaced 18mm double lenses
- Includes leather pouch

This double lens jeweller's loupe is a small folding 10x magnifier, with 18mm focal length. The loupe is extremely useful when examining marks on jewellery or the quality of gemstones and anything within a small scale such as stamps, coins, solder joints etc. Includes a handy protective quality leather pouch.

POP5122 Double Lens Eye Glass

- Magnification 10x or 3x when small lens removed
- For precision & miniature work
- Reduces eye strain

POP1800 Flexible Neck Magnifier

- Magnifier glass dia. 115mm/4.5"
- Magnification 1.75x (3 dioptre)
- Flexible neck for multi-positioning
- Heavy base (464g) with inbuilt storage tray
- Portable

This table top magnifier with flexi neck is perfect for close-up precision work and detailed inspection.

SPECIALIST CRAFT TOOLS

Tools for Enthusiasts and Experts

PSS1060 StyroSten 3 in 1 Tool

- Hot Wire Cutter – Heats instantly, creating fast clean precision cuts in polystyrene & foam
- Excellent for school & art projects and for casting & moulds
- Perfect for cutting bespoke cake dummies & toppers
- Stencil Burner – Quickly and effectively cuts bespoke mylar stencils
- Cuts easily without ragged edges
- For creating quality signs & displays, home decorating, interior design & architectural elements
- Hot Knife – Ideal for plunging, slicing & dicing
- Create, carve and cut in any direction
- Make channels in cake dummies for flower stems
- Essential for home craft, DIY, hobby projects & personalised storage space

Includes 2 replacement wires. Requires 4 X AA Batteries (Not included).

PSS1065 StyroSten Spare Wire x 5

- For use with PSS1060

PHT1000 Heat Gun

- 230v, 50Hz, 300W
 - Fitted with UK & EU plug options
 - Built-in stand & heat resistant glove included
- Perfect for curing embossing powders, shrinking plastic, vinyl & film and can also be used for quick drying of paints, glues, inks & polymer clays.

PPU1000 Revolving Hole Punch

- Punch sizes: 2.5, 3.0, 3.5, 4.0, 4.5 and 5.0mm
- Revolving head for easy punch size changes
- Ideal for use on leather, plastic and textiles
- Includes locking feature for storage

PPU1100 Eyelet Plier Set

- 100 eyelets included
- Locking feature for storage
- For punching and securing eyelets

Ideal for general hobby and craft applications.

PSS1070 Cordless Foam Cutter

- Includes two tips: Pin tip & Blade tip
- LED light for illumination of work
- Built-in rechargeable battery

Convenient wireless foam cutter that heats quickly, creating fast clean precision cuts. Specially designed tip structure cuts smoothly without burning. Ideal for model and prop building, scenery, art, craft, stencils, signs, displays & DIY projects. Includes USB charging cable.

Additional & replacement tips available:

PSS1071 Pin Foam Cutting Tip (12W)

PSS1072 Blade Foam Cutting Tip (20W)

PSS1073 Soldering Tip (12W)

PSS1074 Soldering Tip (30W)

PSS1075 Heat Shrink Tip (16W)

PAD1000 Glue Gun

- Pistol grip, folding stand & 1.2m cable
 - Simple trigger feed application with anti-drip nozzle for complete control
 - Heats up in 5-7 minutes, then ready to use
 - Includes 3 low temperature glue sticks (10cm x 11mm dia.)
 - 240v, 50Hz, 40W
- For intricate & precise hobby, craft & DIY applications on wood, plastic, card, paper, leather, ceramics, glass & fabric.

PAD1100 Low Temperature Foam Glue Sticks x6

- For use with PAD1000 Modelcraft Glue Gun
- Glue stick dimensions: 10cm x 11mm dia.

PTK4000 Pinion Gear Press & Pull Tool

- Elongated handles for better leverage
 - Dimensions: 85 x 30 x 7mm
 - Suitable for 1/32 scale slot cars
- The perfect tool for removing and replacing pinions precisely, without damaging gears or motors.

MASKING TAPES

Precision Masking Tapes

1 PMA2001	1mm x 18m Twin Pack
PMA2002	2mm x 18m Twin Pack
PMA2003	3mm x 18m Twin Pack
PMA2006	6mm x 18m Twin Pack
PMA2010	10mm x 18m Twin Pack
PMA1018	18mm x 18m Single Pack
PMA1236	1, 2, 3 & 6mm x 18m Four Pack

- Precise & intricate masking
- No paint bleed or annoying paint lines
- U.V. protected

These making tapes are ideal for Modelling, Airbrushing, Arts, Craft, Hobby and even those smaller DIY tasks. The tape sticks, stays and removes cleanly.

1

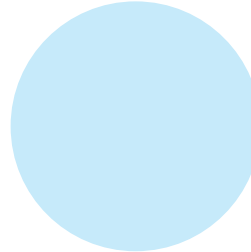

Flexible Masking Tapes

1 PMA3001	1mm x 18m Twin Pack
PMA3002	2mm x 18m Twin Pack
PMA3003	3mm x 18m Twin Pack
PMA3006	6mm x 18m Twin Pack
PMA3010	10mm x 18m Twin Pack

- Follows curves without crinkling
- No paint bleed or annoying paint lines
- Acid Free

Flexible tape designed to follow curved lines and contoured surfaces without creasing, tearing or paint bleed. The tape sticks, stays and removes cleanly.

Ideal for precision masking of patterns, camouflage & curved panels.

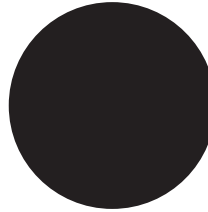

PAINT BRUSHES

All sable brushes in the Modelcraft Collection are made with best quality red sable hair which is renowned for its liquid holding capacity and spring whilst carrying the paint with smooth precision. Used for detailed work on models, lead soldiers, dolls houses, restoration work and fine art.

Pure Sable Brushes

PPB2201/000	(Size 000)
PPB2201/00	(Size 00)
PPB2201/0	(Size 0)
PPB2201/1	(Size 1)
PPB2201/2	(Size 2)
PPB2201/S1	Pure Sable Brush Set (Sizes 0, 00, 000, 1, 2)

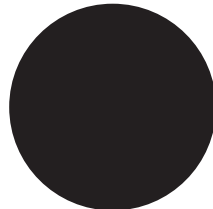

PPB2201/S1

- Great value pure sable brushes
- Polished red wooden handles
- Ideal for artwork and miniature painting

Premium Sable Brushes

PPB2200/000	(Size 000)
PPB2200/0	(Size 0)
PPB2200/2	(Size 2)
PPB2200/3	(Size 3)
PPB2200/S	Fine Sable Brush Set (Sizes 000, 0, 2, 3)

PPB2200/S

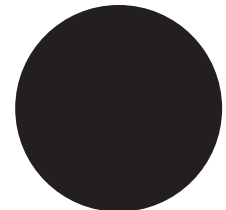

- Soft sable brushes with great strength & spring
- Polished black wooden handles
- Smooth paint flow & easy brushstroke control

Synthetic Brushes

Synthetic nylon bristles that hold shape, perfect for painting small details with accuracy and precision. Removable tips allow you to easily and quickly switch between brushes. Fine 7mm tip for close-up detailing work and 9mm tip with extra reach, perfect for recesses.

1 PPB1079	Super Fine Detail Brush with 2 Tips (7mm & 9mm)
PPB1007	Set of 3 Additional Tips (7mm)
PPB1009	Set of 3 Additional Tips (9mm)

1

- Synthetic filaments maintain shape during use
- Easy to handle lightweight body
- Convenient replaceable tips
- Paint small details with great accuracy

OILERS & ACCESSORIES

POL1000 Precision Lubricator

- General purpose lubricating oil
- Lightweight easy to use
- Ideal for delicate, precision work
- Delivers small drops of oil as required

Ideal for household oiling tasks such as squeaky hinges, scissors, sewing machines, hedge cutters, chain saw chains, drill chucks and other mechanical devices in need of lubrication. Also excellent for bicycle and motor cycle chain, links, brakes and car door hinges.

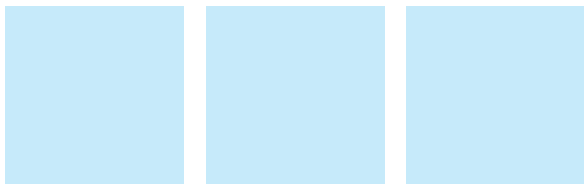

POL1002 Red Transmission Oil

- Ideal for lubricating small bearings, transmissions, mechanical parts etc.
- Specially formulated oil for use on Radio Control models
- Pinpoint lubrication with needle applicator

The Red Transmission Oil has been specially formulated for use on Radio Control models. Ideal for lubricating small bearings, transmissions as well as mechanical parts.

Superfine Oilers

The superfine applicator delivers oil exactly where it is needed with pin point accuracy and ease. The clean tip system with non-drip valve prevents leakage when not in use. Light pressure will give one drop, whilst constant pressure will allow oil to flow. The metal tip is protected by an oil proof gasket in cap.

POL1201 Multifunction Precision Engineering Oil

- Pinpoint lubrication for bikes, garage door, models, lawn mowers etc.

POL1202 Superfine Oiler With Teflon particles

- Teflon allows oil to flow easily into awkward parts
- Pinpoint lubrication of fishing reels, guns, bearings, bikes & mechanical parts

POL1203 Rust Removing & Inhibiting Oil

- Rust removal and inhibition
- Loosens solid screw & bolt connections
- Deals with rusty thread

POL1204 Car Lock De-Icing Pen

- Prevents freezing of car & door locks
- Thaws frozen locks

POL1205 Chain Oil

- High viscosity chain oil
- Ideal for bikes, chain saws & other types of chain

POL1206 Electrical Contact Oil

- Specifically for electrical contacts
- Contains addinol electro contact oil
- For cleaning & protecting electrical contacts from corrosion

POL1009 Precision Applicator Tips x9

- 9 x applicator tips
- Tube opening 4.5mm to fit syringes 1ml & 5ml
- Can also attach to most glue bottles

Perfect for precise application of glues, greases, solvents & paints.

General Purpose Syringes

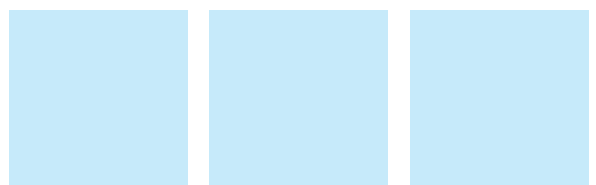

① POL1001/3 Precision Syringe (1ml) x 3

POL1005/3 Precision Syringe (5ml) x 3

POL1012/C Precision Curved Syringe (12ml)

- Ideal for liquid application in hard to reach areas
- Multitude of uses

These general purpose syringes are ideal for liquid application in hard to reach areas and accurate dispensing of colours, glues and greases.

POL1017/4 Dropper Bottles (17ml x4)

- Ideal for liquid storage
- Controlled fluid application
- Can be used with paints and oils

A set of 4x17ml dropper bottles, ideal for liquid storage and controlled fluid application. Best for use with paints and oils.

The nozzle of the bottle allows a drop at a time for dispensing liquid, giving you the control you need.

POL1301 Pipette Set 1ml x5

POL1302 Pipette Set 2ml x5

- Set of 5x pipettes
- For precise transfer & application of paints and thinners
- Millilitre scale for accurate measurement

x5

PBL1297 Rubber Blower

- For removing dust from sensitive objects such as camera lenses, keyboards, watches etc.
- Metal tip provides precise air flow control
- Ideal for blowing away dirt or particles in awkward areas

Used by watchmakers, modellers and electronics enthusiasts & professionals. Ideal for removing dirt from watch dials, blowing away particles inside mobile phones, circuit boards, model trains & motors.

KITS

PTK1050/CM

Knife Set & A5 Cutting Mat (50 Piece)

Set Includes

- Handles, blades, cutting guide, planer, sharpening stone
- A5 self-healing cutting mat
- Attractive aluminium carry & storage case

Ideal for craft, hobby & smaller DIY tasks.

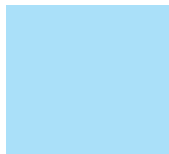

PTK1015

Craft & Model Tool Set (15 Piece)

Set Includes

- Side cutter • Snipe nose plier
- Modellers knife with #11 blade
- 5x #11 spare blades
- Flat hobby file • Flat end tweezers
- Bent nose tweezer
- Grip clamps: 2 x 2" (50mm)
- Grip clamp: 1 x 3" (75mm)
- A5 size self-healing cutting mat

PTK1018

Hobby & Craft Tool Set (18 Piece)

Set Includes

- 2 Pliers – snipe nose & side cutters
- Mini flat file
- Craft knife and 5 spare #11 blades
- Chisel knife & 5 spare blades
- Sanding block
- 2 tweezers – flat end and bent nose

PTK1009

Plastic Modelling Tool Set (9 Piece)

Set Includes

- Plastic sprue cutter
- Mini flat file
- Self healing cutting mat
- Craft knife
- 5 spare blades

An essential set for all plastic modellers.

PTK1013

Railway & Hobby Hand

Tool Set (13 Piece)

Set Includes

- Mini pliers • Craft knife & 5 #11 blades
- Bent nose tweezers • Swivel top pin vice
- Hammer • Razor saw & handle
- Phillips screwdriver

A selected range of precision tools for boat building as well as general craft and model making.

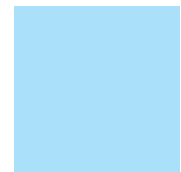

PTK1012 Boat Building & Craft Tool Set (12 Piece)

Set Includes

- Snipe nose pliers
- Flat diamond file
- Craft knife & 5 #11 blades
- Bent nose tweezers
- Sanding & finishing block
- Swivel top pin vice
- Quality craft hammer

A selected range of precision tools for boat building as well as general craft and model making.

PTK3030 Plank Bending Tool Kit 220-240v, 30w

- Ideal for bending planking strips to the desired curvature, especially for boat modelling
- Works on dry strips with a maximum thickness of 1mm
- For thickness over 1mm, the strip must be dampened

Set Includes

- Tool with rounded head, tool stand & wooden template form
- Use with caution as parts will be hot

PTK8040 Plank Bending Tool with Spare Blade

- Perfect for bending of wooden strips up to 2mm thickness
- Ideal for model boat building
- Includes 1 plastic blade stopper & spare blade

PTK8041

5x Spare Blades & Stopper for PTK8040

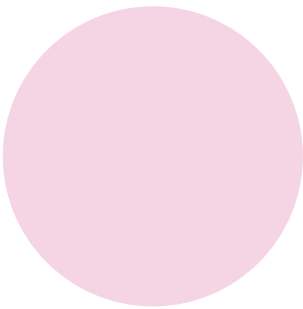

WORK STATIONS

Modelcraft Work Stations provide the ideal modelling space wherever you are, whether placed on a desk or held on your lap.

An A4 cutting mat fits snugly into the laser cut design, with tool holders, shelf and space for a water pot.

A storage drawer with room to hold paints, tools, models and more!

All the parts push-fit together without any need for glue, and drawers can be stacked with the workstation creating a convenient, compact unit.

❶ WTA4 Work Station

WTA4/CM Work Station &
A4 Cutting Mat

- Lightweight & portable with built-in handles
- Slots for tools, brushes & water pot
- Recesses for smaller components
- Fits A4 cutting mat
- Dimensions: 30.5cm x 29cm x 9.5cm
- Easy to build, no glue required

❶ WTA4DH Heavy Duty Drawer for Work Station (30.5cm x 29cm x 8.1cm)

WTA4DL Drawer for Work Station
(30.5cm x 29cm x 5cm)

- Ideal for storing components, paints & tools
- Stack with Modelcraft Work station
- Lightweight & portable
- Easy to build, no glue required

SOLDERING - Electric Irons

230v Electric Soldering Irons

SC7015 15w Iron and 3.5mm Pencil Tip #6

SC7025 25w Iron and 4mm Pencil Tip #8

SC7040 40w Iron and 5mm Chisel Tip #8

SC7080 80w Iron and 7mm Chisel Tip #8

SC7100 100w Iron and 8mm Wedge Tip #8

SC1025/LF 25w Soldering Iron Kit

240v-50Hz, 25w soldering iron with 1.2m cable.

- Straight & bent soldering tips
- Tube of lead free solder - 1mm
- Tweezers
- Stand
- Sponge

Perfectly fuse your metal projects together with this fast heating tool. For modelling, electronics, jewellery, hobby & smaller DIY tasks.

SC7000

Soldering Iron Stand

- Fitted with spring holder & sponge tray
- Essential for safe storage of your soldering iron
- Protects work surface from damage

This soldering iron stand is a perfect tool to safely store your iron and protect it from damage as well as your bench by keeping the heat away.

Premium Quality High Performance Bits

SC7015/6 Pencil Shaped Tip #6

SC7015/8 Chisel Shaped Tip #8

- Length 15mm
- Diameter 3.5mm

SC7025/6 Pencil Shaped Tip #6

SC7025/7 Wedge Shaped Tip #7

SC7025/8 Chisel Shaped Tip #8

- Length 70mm
- Diameter 4mm

SC7040/6 Pencil Shaped Tip #6

SC7040/7 Wedge Shaped Tip #7

SC7040/8 Chisel Shaped Tip #8

- Length 75mm
- Diameter 5mm

SC7080/7 Wedge Shaped Tip #7

SC7080/8 Chisel Shaped Tip #8

- Length 90mm
- Diameter 7mm

SC7100/7 Wedge Shaped Tip #7

SC7100/8 Chisel Shaped Tip #8

- Length 100mm
- Diameter 8mm

SC4500 Cordless Soldering Iron (4.5v - 6w)

- Mobile battery operated soldering iron
- Runs off 3 AA batteries (not included)
- Indispensable for soldering jobs 'on-the-move'
- Very short pre-heating time
- Optimal heating power to the tip with integrated heating element

Perfect for soldering, welding & brazing. Ideal for craft & hobby use, jewellery, electronics & repairs.

SC4500/1 Pencil Shaped #1 Spare Tip

SC4500/3 Chisel Shaped #3 Spare Tip

SC1000 Desoldering Pump

- For removing molten solder from joints
- Spring loaded piston with button release
- For modelling, hobby & smaller DIY tasks

SC1020/LF Lead Free Solder 18g

- 1.2mm Lead-Free Solder
 - Quick melting – easy to use
- Ideal for use on circuit boards, metals, models & sculptures.

SC7801 Lead Free Solder 3g

- Lead-Free Solder
- Quick melting - easy to use
- Complies with EU directives
- Can be used with most soldering irons

GAS SOLDERING TOOLS

SC0790 Butane Gas Micro Torch System

- For hand held or bench top use
- Electronic instant ignition system
- Anti-flaring
- Adjustable flame
- Max temperature 1300° C (2370° F)
- Working time about 60-90 minutes
- Optional attachments available

Perfect for soldering, welding & brazing. Ideal for craft & hobby use, jewellery, electronics & repairs.

Attachments for Butane Gas Micro Torch

SC0790/11 Soldering Head
Flameless
Temp approx 400°C (750 F)

SC0790/41 Hot Blower Head (4mm)
Flameless
4mm

SC0790/51A Hot Blower Head
Open flame 17mm
Hot air temperature
approx 700°C (1300 F)

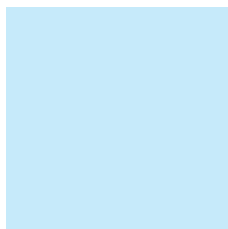

SC0790/51B Heat Reflector
Ideal for use when heat shrinking

SC3000

Multipurpose Gas Soldering Kit (11 Piece)

- Soldering temperature up to 500°C (930 F)
- Flame welding & brazing up to 1300°C (2370 F)
- Hot air shrinking temperature up to 500°C (930 F)

Working time-60 minutes, based on a full tank & the flame length of 20mm (25/32").

Accessories for Multipurpose Gas Soldering Tool

SC3000/10 Soldering Head
with Catalyst

SC3000/21 Standard Tip

SC3000/22 Diagonal Tip (3mm)

SC3000/23 Chisel Tip (3.5mm)

SC3000/32 Hot Knife

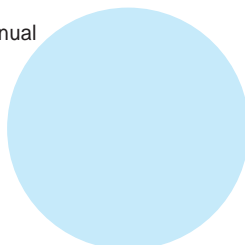

SC3000/42 Hot Blower (4mm)

SC3000/52 Reflector

PYROGRAPHY TOOLS

SL2030 Pyrography Iron with 6 Bits

- Pyrography Iron 220-240V / 50-60 Hz
- 6 various externally heated tips for varying line shapes in wood & leather
- Power 30W
- Iron stand
- Operating manual
- Great kit to start your pyrography adventure

SL2026 Pyrography Craft Set (5 Piece)

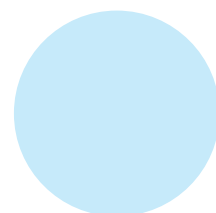

- Pyrography iron 26w - 220-240V / 50-60 Hz
- 5 tips, Iron stand & operating manual
- Wooden craft box, metal tray for tips & 4 sheets of sanding paper
- Stencils, cleaning brush, screwdriver & tweezer

A comprehensive wooden boxed set containing all you need to enjoy this fascinating hobby. For burning or scorching designs on wood & leather.

SL2010 Pyrography Multifunction Kit (14 Piece)

- Temperature controlled multi-station
- 24V / 20W iron plus 14 tips
- Electronic temperature step-less adjustment from 50°C to 500°C

A truly multi-purpose kit which can be used for a range of applications, including pyrography, soldering & wax modelling.

LOW VOLTAGE ROTARY TOOLS

RC03USB 3.6v Cordless Micro Rotary Tool with 12 Accessories

Precision rotary tool with compact pen style design perfect for fine detail work.

- Three speeds: 5,000/10,000/15,000 rpm
- Lightweight design for excellent control and precision
- Built-in rechargeable Li-ion battery
- Includes 2.3mm collet & 12 accessories
- Ideal for modelling, craft & delicate DIY tasks

RC36 3.6v USB Screwdriver

A powerful, pocket-sized rechargeable screwdriver for DIY, hobby and electronics.

- Portable, lightweight design with soft grip
- Ideal for tight spaces and tricky spots with narrow tip and LED light
- Simple push-button control for forward & reverse
- Quick release chuck

- Includes 4 Bits; Single end 75mm PH0 & 75mm PH1, Double ended 75mm PH2, Slot & 110mm PH2

RC12/75A Mini Rotary Kit with 75 Accessories

RC12 Mini Rotary Kit in Aluminium Case with 44 Accessories

- 12 volt compact rotary tool with plug-in transformer
- Single Speed 12,000 rpm
- 2.4m of cables (tool & transformer cables combined)
- Includes 1.0, 2.35, 3 & 3.2mm collets

RC12/75A

RC12

RC09X Cordless Rotary Kit with 100 Accessories

- 8,000-20,000 rpm variable speed
- Built-in rechargeable Ni-Mh battery
- LED spotlight for dark areas
- Includes UK & EU chargers
- Padded zip bag

RC09X/B

Spare Battery for RC09X
9.6v DC Ni-MH battery

RC7000 Drill Stand & Rotating Holder

Ideal for use with RC18EUK, RC200X & Drills with 25, 36 & 43mm dia. neck

- For precise vertical drilling or as a holder when grinding, polishing or sanding
- Holders height can be adjusted and rotated 90°
- Column height: 400mm (25mm dia.)
- Base size: 160 x 160mm
- Maximum drilling depth: 60mm
- Includes 2 reducing collars (25 & 36mm dia.)

RC18EUK Variable Speed Rotary Kit with Aluminium Case & 60 Accessories

- 12-18v rotary tool with transformer
- 8,000-18,000 rpm variable speed
- Includes 1.0, 2.35, 3.0 & 3.2mm collets
- UK & EU adaptors

RC200X Slimline Variable Speed Rotary Kit with 75 Accessories

- 0-8,000 rpm variable speed
- 230v 50Hz input; 18V DC, 7.2W max. output
- Includes 1.0, 2.35, 3.0, 3.2mm collets
- UK & EU adaptors
- Padded zip bag

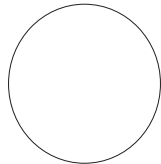

HIGH POWER ROTARY TOOLS

These 230v rotary tools, with extra power and torque, are used for a broad range of applications including DIY, engineering work and more professional applications.

Flexi-Drive Kit

RC230X High Power Rotary Set with 100 Accessories & Flexi-Drive Kit

- Variable speed: 10,000-32,000 rpm • Voltage: 230v, 50 Hz
- 2 grip positions - pen & palm • 100 various accessories including collets 1.0, 2.35, 3.0, 3.2mm • Attractive aluminium carry and storage case

LCD Display with digital speed settings

RC250X High Power LCD Rotary Set with 100 Accessories

- LCD speed control 8,000-35,000 rpm
- 230v, 170w variable speed rotary tool
- Soft grip & 2 holding positions – pen & palm
- 100 accessories including collets 1.0, 2.35, 3.0, 3.2mm
- Hanging hook

A 230v tool with push button speed control & LCD display for exact speed settings.

ACTIVITY SETS

Excellent value accessory sets covering a wide range of activities & tasks to fit all makes of mini rotary tools.

RC9001

25 Piece Sanding & Shaping Set

- Shaft diameters 2.35mm & 3.2mm
- Includes flap sanders, sander bands and sanding discs
- For various material removal and renovation on smaller work pieces

RC9002

30 Piece Cleaning & Polishing Set

- Shaft diameters 2.35mm & 3.2mm
- Includes wire & nylon brushes, felt & cotton buffs and sander bands
- For effective cleaning and polishing of small work pieces

RC9003

30 Piece HSS Mini Drill Bit Set

- High Speed steel minidrill bits to fit all mini rotary tools
- Includes sizes: 0.5, 0.6, 0.8, 1.0, 1.2, 1.5, 1.8, 2.0, 2.35, 3.0mm

RC9004

24 Piece HSS Carving & Milling set

- High speed steel mini carving & milling burrs
- Shaft 3.2mm diameter
- Includes various shapes, round, cone, taper and cylinder
- For use on wood, plastics, stone, glass and various metals

RC9005

60 Piece Cutting & Grinding Set

- Rotary tool accessories to fit all mini rotary tools
- Shaft diameters 2.35mm & 3.2mm
- Includes grinding stones & wheels, reinforced cutting discs, carborundum slitting discs, mini steel circular saw blades and diamond cutting blades
- Ideal for various cutting and preparatory tasks on smaller workpieces

RC9006

30 Piece Diamond Engraving Bit Set

- Rotary tool accessories to fit all mini rotary tools
- Shaft diameter 3.2mm
- Includes various shapes, round, cone, taper, flame and cylinder
- For craft or security engraving on glass, metals, stone and plastics

RC9400

400 Piece Accessory Set & Case

- 400 various mini accessories
- For use with all mini rotary tools
- Shaft diameters 2.35mm & 3.2mm
- Including usage details with recommended maximum speeds
- Packed in handy carry and storage case
- Great value general purpose accessory set

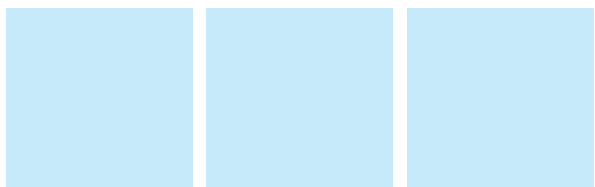

ENGRAVING, CUTTING, CLEANING & POLISHING

Super value accessories to fit all makes of mini rotary tools.

RFR6200

Diamond Bit Set (20 Piece)

- Maximum speed 30,000 rpm
- Mounted on 2.35mm shafts
- Suitable for use on wood, metal, plastic and glass
- Supplied in handy pop-up container

RFR6201/3 Round Diamond Burs (3 Piece)

- Maximum speed 30,000 rpm
- Mounted on 2.35mm shafts

RFR6202/3 Assorted Diamond Burs (3 Piece)

- Maximum speed 30,000 rpm
- Mounted on 2.35mm shafts
- Shapes: cone, cylinder and round

RAB5167/5

Carborundum Cutting Discs (38mm) x 5

- Maximum speed 30,000 rpm
- Diameter 38mm, thickness 1mm
- Traditional resin-bonded wheels

RAB5209/10

Carborundum Cutting Discs (22mm) x 10

- Maximum speed 30,000 rpm
- Diameter 22mm, thickness 0.6mm
- Traditional resin-bonded wheels

Fine Cutting Saws

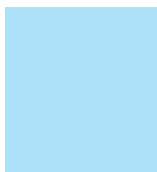

RSA2102/15 15mm Saws x 2

RSA2102/19 19mm Saws x 2

RSA2102/22 22mm Saws x 2

RSA2102/S 15, 19 & 22mm Saws
with 2.35mm Mandrel

- Fine tooth cutting saws
- For use on plastics, soft wood and non-ferrous metals

RSA7004/S

3 Diamond Saws & Mandrel 2.35mm

- Diamond mini saw wheels for cutting soft and thin hard metals
- Diameter: 15, 19, 22mm

RAR1304 Screw Top Mandrels (Arbors) x3

- Maximum speed 35,000 rpm
- Shank diameter 2.35mm (3/32")
- For use with saw blades & carborundum discs

Polishing Buffs

① RBF8019/2 2 Cotton Buffs

RBF8119/2 2 Chamois Buffs

RBF8322/2 2 Three-Fold Felt Buffs

RBF8422/2 2 Solid Felt Wheel Buffs

RBF8522/2 2 Knife-Edge Felt Wheel Buffs

RBF8225/2 2 Calico Buffs

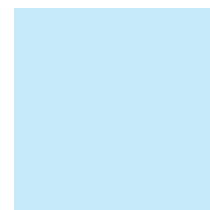

RBF9000/S 3 Small Assorted Mounted Felt Buffs

- Maximum speed 12,000 rpm
- Shaft diameter 2.35mm (3/32")
- Ideal for delicate polishing and finishing work

RBU2700 3 Assorted Steel Brushes

RBU2900 3 Assorted Brass Brushes

- Shapes: wheel, cup and pencil
- Maximum speed 12,000 rpm
- Shaft diameter 2.35mm (3/32")
- Ideal for de-rusting, paint removal and general cleaning tasks

RBU4610/3 3 Steel Cup Brushes

RBU4810/3 3 Brass Cup Brushes

- Maximum speed 12,000 rpm
- Shaft diameter 2.35mm (3/32")
- Ideal for de-rusting, paint removal and general cleaning tasks

RBU6647/3 3 Steel Pencil Brushes

RBU6847/3 3 Brass Pencil Brushes

- Maximum speed 12,000 rpm
- Shaft diameter 2.35mm (3/32")
- Ideal for de-rusting, paint removal and general cleaning tasks

RBU2721/3 3 Steel Wheel Brushes

RBU2921/3 3 Brass Wheel Brushes

- Maximum speed 12,000 rpm
- Shaft diameter 2.35mm (3/32")
- Ideal for de-rusting, paint removal and general cleaning tasks

RBU2521/3 3 Goat Hair Wheel Brushes

- Maximum speed 12,000 rpm
- Shaft diameter 2.35mm (3/32")
- Ideal for gentle cleaning tasks on a variety of materials

DRILLING, SANDING & SHAPING

Super value accessories to fit all makes of mini rotary tools.

Flap Sanders

RAB1120 120 grit (15 x 5 x 2.35mm)
RAB1240 240 grit (15 x 5 x 2.35mm)
RAB1320 320 grit (15 x 5 x 2.35mm)

RAB3080 80 grit (30 x 10 x 2.35mm)
RAB3120 120 grit (30 x 10 x 2.35mm)

- Maximum speed 20,000 rpm
- For effective material removal, sanding and shaping in wood, fibreglass & stone
- Excellent for de-rusting metals

Sanding Bands with Sanding Drums

RAB8312/S 5 Coarse Sanding Bands with Drum

RAB8324/S 5 Medium Sanding Bands with Drum

RAB8332/S 5 Fine Sanding Bands with Drum

- Glue bonded, silicon carbide sanders for fast material removal
- Maximum speed 20,000 rpm
- For sanding and shaping wood, fibreglass & stone
- Excellent for de-rusting metals
- Arbor 2.35mm

Sanding Bands

RAB8312/10 10 Coarse Sanding Bands

RAB8324/10 10 Medium Sanding Bands

RAB8332/10 10 Fine Sanding Bands

- Maximum speed 20,000 rpm
- For sanding and shaping wood & fibreglass
- Excellent for de-rusting metals

Sanding Discs

RAB8300 5 Coarse & 5 Fine Sanding Discs with Rubber Pad

RAB8301/C 10 Coarse Sanding Discs

RAB8301/F 10 Fine Sanding Discs

- Maximum speed 20,000 rpm
- 2.35mm arbor
- For finishing work on metal, plastic, wood and stone work pieces

RC0709/CS 4 Collets

Suitable for use on:

RC09X, RC12, RC18, RC230, RC230X & RC250X

Sizes available:

1.0mm, 2.35mm, 3.0mm, 3.2mm

RC8232 Keyless Chuck (0 - 3.2mm)

Suitable for use on:

RC09, RC230, RC230X, RC250X

HSS Jobber Drills (Packs of 5)

Super value accessories to fit all makes of mini rotary tools.

RDR1905/03	0.3mm	RDR1905/09	0.9mm
RDR1905/04	0.4mm	RDR1905/10	1.0mm
RDR1905/05	0.5mm	RDR1905/12	1.2mm
RDR1905/06	0.6mm	RDR1905/15	1.5mm
RDR1905/07	0.7mm	RDR1905/18	1.8mm
RDR1905/08	0.8mm	RDR1905/20	2.0mm

- Maximum speed 35,000 rpm
- HSS mini jobber drills (twist drills)
- Handy packs of 5 pieces
- Larger quantities available on request
- Used in hand held drill holders or in miniature rotary power tools

2.35mm Shank Drills (Packs of 3)

With the same shank size there is no need to change collets to suit size of drill required.

RDR2343/05	0.5 mm	RDR2343/12	1.2mm
RDR2343/06	0.6mm	RDR2343/15	1.5mm
RDR2343/08	0.8mm	RDR2343/18	1.8mm
RDR2343/10	1.0mm	RDR2343/20	2.0mm

RDR2346/A Pack of 6 (0.6, 0.8, 1.0, 1.2, 1.5 & 2.0mm)

- Maximum speed 35,000 rpm
- Ideal for use with drills requiring a collet
- For precision drilling work in wood, metals and plastics
- Accurate centering

RDR4001 Microbox Drill Set (0.3-1.6mm) x20

- Maximum speed 35,000 rpm
- 20 high speed metric drills from 0.3 to 1.6mm in a handy slide-top microbox
- Dispenses one drill at a time and keeps drills securely in place

This 20 piece set contains only the best quality HSS ground drills.

Sizes include: 0.30mm, 0.35mm, 0.40mm, 0.45mm, 0.50mm, 0.55mm, 0.60mm, 0.65mm, 0.70mm, 0.75mm, 0.80mm, 0.85mm, 0.90mm, 0.95mm, 1.00mm, 1.20mm, 1.30mm, 1.40mm, 1.50mm & 1.60mm

RDR4004 Microbox Drill Set (No.61-80) x20

- Maximum speed 35,000 rpm
- Contains one of each HSS number (wire gauge) drill, sizes 61 to 80
- Handy sliding top index storage dispenser
- Keeps drills securely in place

This 20 piece set contains only the best quality HSS number (wire gauge) drills. Handy slide-top box releases only chosen drill.

Sizes include: 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80

RDR4005 Microbox Shank Drill Set (0.5-2.2mm) x10

- Maximum speed 35,000 rpm
- High speed steel drills from 0.5 to 2.2mm all with stranded 2.35mm size shanks
- Handy sliding top index storage dispenser
- Keeps drill securely in place

This 10 piece set contains only the best quality HSS ground drills. These are designed to be held in a collet or chuck, particularly useful with miniature power drills.

Sizes include: 0.5mm, 0.6mm, 0.8mm, 1.0mm, 1.2mm, 1.3mm, 1.5mm, 1.8mm, 2.0mm, 2.2mm

AIRBRUSHES & KITS

Easy-to-Use Airbrushes & Kits

Airbrush Characteristics:

- Easy to operate on-off trigger
- Comfortable rubbery ergonomic grip
- Simple snap-in paint jars for quick changeover
- Fixed hose connects to airbrush propellant
- Virtually no cleaning required (unlike most airbrushes)
- Can be used with compressor (adaptor included)

Technical:

- Single Action (trigger regulates the air flow only)
- External mix (air/paint mixed outside the airbrush)
- Spray pattern approx. 12 - 50mm
- Dual adjustment - airbrush nozzle & jar twist

SP10EL Easy-to-Use Airbrush Starter Kit

Contents:

- SP10 airbrush with hose & Propellant adaptor fitted
- Paint jar - ½ oz with quick change cap & lids
- 300ml air propellant (SP9300)
- Compressor adaptor, cleaning wire & instructions

SP10 Easy-to-Use Airbrush

Contents:

- SP10 airbrush with hose & propellant adaptor fitted
- 1 x ½ oz paint jar with quick change cap & lid
- Compressor adaptor, cleaning wire & instructions

SP50K Classic Multi-Purpose Airbrush Kit

A dual action internal mix airbrush, for fine detail work or rapid overall coverage.

Airbrush Characteristics:

- Fluid control knob for easy adjustment • Exceptional atomisation & accurate spray control • Sprays light to heavy viscosity media
- Self centering drop-in nozzle for perfect alignment with even control through spray range
- 0.5mm needle and nozzle

Technical:

- Dual action (press down for air & back for paint)
- Internal mix
- Spray pattern approx. 1.6 - 38mm

Contents:

- SP50 internal mix airbrush
- 2 paint jars: ¾oz (22cc) & lids
- Vinyl hose
- Regulator adaptor for air propellant • 300ml air propellant (SP9300)
- 150ml airbrush cleaner • Instructions

SP60 Universal Dual Action Airbrush

Airbrush Characteristics:

- Dual action internal mix airbrush with gravity & siphon feed options
- Excellent for very fine detailing as well as broader coverage

Contents:

- Nozzle size 0.5mm
- Preset colour flow control
- Interchangeable side feed fluid cups
- 7cc metal gravity feed cup
- 22cc glass siphon feed bottle
- 80cc plastic siphon feed bottle
- Caps are interchangeable

SP30KC Gravity Feed Airbrush & Compressor Kit

A single action gravity feed airbrush and mini compressor with 3 pressure settings.

Airbrush Characteristics:

- Gravity feed top mounted
- 2cc colour cup • Needle/Nozzle diameter 0.4mm • Constant air flow & easy to maintain

Compressor Characteristics:

- Very quiet in use with power 9W, current less than 800mA
- Max air pressure 15psi
- 3 pressure settings: low (6lpm), medium (6.5lpm), high (7lpm)

Contents:

- SP30 Gravity Feed Airbrush • Hose
- Mini Compressor 230v with inbuilt airbrush holder
- Instructions

SP30/CDK Cake Decorating Airbrush Set

Create your own stunning cake designs with this easy to use & maintain airbrush and mini compressor set, including 3 edible airbrush colours & cleaner.

Airbrush Characteristics:

- Gravity feed top mounted
- 2cc colour cup
- Nozzle size 0.4mm
- Easy colour coverage & detailing

Compressor Characteristics

- Max air pressure 15psi
- 3 pressure settings – low (6lpm), medium (6.5lpm), high (7lpm)

Contents:

- SP30 Gravity Feed Airbrush
- Hose
- Mini Compressor 230v
- 3 Magic Colours (Red, Yellow & Blue)
- Cleaner (17ml)

SP35 Dual Action Airbrush

Airbrush Characteristics:

- Gravity feed 2cc fluid cup with lid
- Fluid control knob for easy adjustment
- Exceptional atomisation & accurate spray

Contents:

- Gravity feed dual action airbrush
- Nozzle size 0.35mm
- Gravity feed 2cc fluid cup & lid

SP66 Professional Airbrush & Compressor Kit

High performance single & dual action gravity feed airbrush with zero maintenance compressor.

Compressor Characteristics

- Zero-maintenance, oil-less piston air compressor
- Pressure adjustable with gauge
- Airbrush holder
- 2m braided hose
- Max air pressure 50psi

SP70 Precision Sandblaster Kit

Ideal for etching glass, metal and wood, removing paint & cleaning rust. This kit delivers results quickly and easily.

- Fitted with 0.5mm nozzle & 15cc cup
- Compressor adaptor ¼" BSP
- Includes 100g abrasive starter bottle

SP70/500 Aluminium Oxide Abrasive – 250 grit (500g)

COMPRESSORS & ACCESSORIES

Air Propellants

- ① SP9300 Air Propellant - 300ml
- SP9500 Air Propellant - 500ml
- SP9750 Air Propellant - 750ml

SP2101 Standard Compressor

Includes:
pressure gauge, simple pressure adjustment, moisture trap, recoil hose, all necessary adaptors

- Motor: 1/8 HP AC
- Airflow: 12-16 lpm
- Max. pressure: 65 psi
- Size: L27xW14xH17cm
- Weight: 3.5kgs

SP2500 General Purpose 'Plus' Compressor

Includes:
adjustable pressure gauge with water trap, 2.5 litre air tank, recoil hose, all necessary adaptors

- Automatic stop/start
- Motor: 1/8 HP AC
- Airflow: 23-26 lpm
- Max. pressure: 60psi
- Preset 40psi on / 55psi off
- Size: L33xW15.5xH36.5cm
- Weight: 8kgs

SP3512 Portable Fold Away Spray Booth

Indoor spraying without the mess.

Includes:

- Spray booth
- Filter
- Ventilation hose
- Turntable 22cm

Voltages Available:
220-240V

Power: 16w

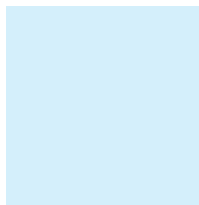

Airflow: 3m³/min

Noise Level: 45db

Open Dimensions:
40.4 x 47.5 x 33.5cm

Closed Dimensions:
40.5 x 21.5 x 29cm

Net Weight: 5.0kg

SP9120 Instant Spray Cleaner

- Used to clean paint residue
- Easily cleans head assemblies, regulators and needles

SP8005 Airbrush Cleaner 17ml

- Dropper bottle
- Food safe & odourless

SP2012 Spray Can Trigger Grip

Easy to control trigger that clamps to the top of spray cans for precise spray coverage and pressure control without the mess.

- No more finger strain or paint covered hands
- Can be used with gloves
- Universal Fit – fits all standard spray cans

SP2356 Masking Film 30cm x 4m

- Self adhering
- Can be cut directly on the work surface

SP1601 32mm Liquid Acrylic Colours x6

Includes: Red, White, Blue, Yellow, Green, Black

- For metals, glass, paper, canvas, wood, leather, fabrics, ceramics & clay
- Can be mixed for layering or glazing on large surfaces & painting miniatures

SP5003 3 Jars for SP50K

- 3 x 22cc jars (3/4oz) with screw-on metal lids
- For SP50K and other similar dual action airbrushes

SP5008 4 Glass Jars for SP50K

- 4x 20ml jars with metal connector
- For SP50K airbrush

SP5004 4 Jars for SP10 & SP10EL

- 2 x 1/2oz and 2 x 1oz jars with screw-on lids
- For SP10 & SP10EL airbrushes

SP5005 Airbrush Cleaning Brush x5

- Stainless steel/Nylon brushes
- Easily removes dried on paint residue

SP2700 Cleaning Jar with Airbrush Holder

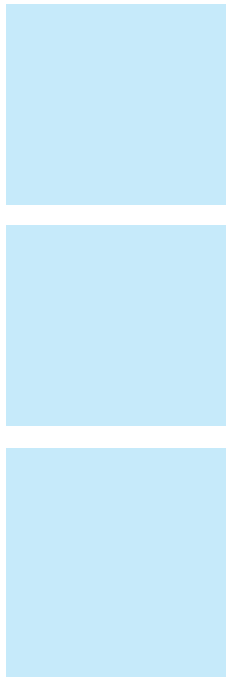

- Clean residual paint and spray cleaner without mess
- The cap can be used as a mixing and water palette
- The lid doubles up as an airbrush holder
- Includes filters

SP5000/M Spare Needle for SP50K Airbrush

- ① SP5006 1/8" Female - Coupler
- SP5007 Coupler 1/8" - 1/8"
- SP5009 1/8" Female - Coupler & Coupler 1/8" - 1/8"
- SP5010 Pack of 4x 1/8" Female – Coupler & 1x Coupler 1/8" – 1/8"
- Fits standard 1/8" BSP connections
- Convenient and quick to use

TABLE MAGNIFIER DAYLIGHT LAMPS

Flexi Magnifier Lamps

LC8082LED

LED Flexi Magnifier Lamp

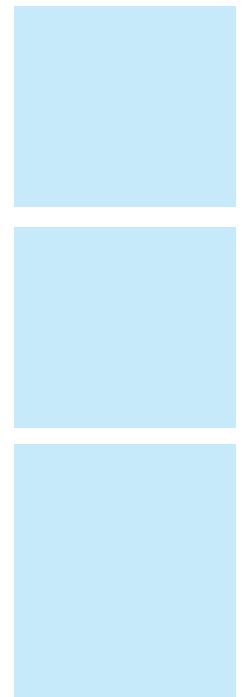

A 5w daylight lamp with glass magnifier lens & flexible neck, ideal for close-up intricate work.

- Quality 100mm (4") lens
- 3 dioptre (1.75 x Mag)
- Ergonomic design with table base & lens cap
- Shadow free light with no heat emission
- Compact, portable design with flexi neck
- Cable length 1.5m

LED 6300K	ENERGY RATING 5 kWh/1000h	UK&EU PLUGS INCLUDED
